Letter no 977/SPW dated 26.9.51
From the Spl CE.

Subj: Levy of contribution
and water rate in respect
of the Bhadra Reservoir project.

In G.O. no PW.2581-88/SPW
13-46-2 dated 18-10-1946, while
7-11 according administrative sanction
to the Lakkawalli Reservoir
scheme costing Rs 890 lakhs,
it was ordered in para 4 of the
G.O. that the contribution and
water rate to be recovered from
the Raiyats may be determined
after enquiry by the Deputy
Commissioners of Chikmagalur,
Shimoga and Chitaldrug
Districts.

2. The Special C.E. states that
the enquiries held by the Dy
Comrs show that there has
been no uniformity of rates
agreed to by the land holders
and that the rates vary from
place to place.

3. In the sanctioned project a
contribution of Rs 60/per acre, a
water rate of Rs 7-8-0/per acre and
a rate varying from Rs 10 to Rs

4692 -

Levy of contribution and water
rate in respect of the Bhadda
Reservoir project

~~of govt lands to be sold~~
are ^{now} assumed to realise
a return ~~of~~ 4.12% from the
scheme.

4. Owing to the abnormal rise in
the cost of execution the revised
project comes up to Rs 19.15 or Rs 20
crores.

5. The Spl. C.E. therefore recommends
the levy of uniform rate of
contribution of Rs 150/- per acre
over entire atehkat of 1,80,000 acres,
a water rate of Rs 15/- per acre, and
an upbet price for sale of govt
land ^(exclusive of contribution) of Rs 100/- per acre, to keep
the same at least 2.68%.

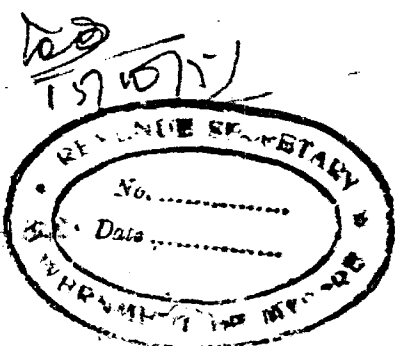

return as against 4.12% originally
expected and requests that an enquiry
may be ordered under the Townships

13/10 Act to fix up these rates of
contribution, water rate and sale
price. The work is under progress. The enquiry
under the Act is rather belated. In the time
the enquiry may be ordered or the same
be waived to be ordered. The Genl Secy
may be consulted.

6) Per Secy 19/10

7) Please what provision
be waived? & is

Can the enquiry be waived? It is
because it will take some time. It may
not be a sufficient ground. It may
be examined, I think. 20/10. 21/10

10) Kind refce is invited to Sectn 25 of the
Mys. Impr. Act of 1932 (placed below),
stating that Govt shall direct the
DC or any other officer to hold an
enquiry.

Under para 2 of the same
Sectn no. 25, it is stated that Govt
may by notification in the Official
Gazette declare that the provisions of this
Sectn shall not apply to the construction
or improvement of any irrigation work or
any class of irrigation works.

11) The waiving of the enquiry ^{suggested} referred to
in para 5 supra by the P.W. Branch &
appears to come under the provisions of
this para 2 of Sectn 25 of the Act.

Order for orders with refce to paras 5-7 and
the Law Branch may perhaps be consulted.

DM
19/11
19/11

12) Section 25 of the Irrigation Act
refers to the Preliminary Enquiry
to be held when the levy of a contrib
contribution or water rate, or

or both is necessary for undertaking construction of an irrigation work.

13) In this case, the scheme has been undertaken already & is duly sanctioned in G.O. No. P.W. 2581-88 / 18-10-46
Im 13-46-22 / 7-11
more than five years back and there is no question of going back now. Besides, in the E.O. sanctioning the scheme, the enquiry contemplated in Chapter VI has been ordered to be taken up and in accordance therewith, enquiries are reported to have been held by the Dy. but it is reported that no uniform rates have been agreed to by the landholders likely to be benefited by the project. So the question of waiving the enquiry at this stage does not arise, as the work is in progress.

14) The point for consideration is whether the rates of contribution & water rate suggested by the Spt. Chief Engr. in P.W.D. may be adopted. Under Sec. 28 of the Irrigation Act, there is provision for Govt. to ~~pass~~ proceed with the scheme with such modifications as it may consider necessary.

15) The Riv. Comm. may perhaps be consulted unofficially. In the

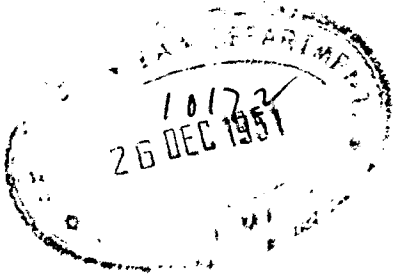

2m/p

4024/Law 5

the P.D., the Spc Chief Engr refers
to the opinion given by the Ryc in
the matter, but the original reports
of enquiries by the Dps & the Ryc's
views thereon are not in the
file received from PW Secd

work is under progress. Enquiry is also over. The Ryots have agreed to pay a certain amount on the basis of an original estimate. But now the estimate has been revised to a larger amount. The ~~Legal~~ Department is now approached for legal opinion whether the enhanced rates of contribution and water rate suggested by the Spt. C.E. maybe adopted and if adopted, ^{will such a} ~~have any~~ ^{low} levy ~~for~~ have the force of under the Irrigation Act.

18/11
11/11

(18) The Spt. C.E.'s letter of 26-9-51 (Paper under disposal) gives a

4294/ Sat

2 Brief account of what has taken place.
 An enquiry under the Survey Act was held in 1946 to fix up the contribution and rate payable for the rights concerned. The project execution work is under progress during the past 5 yrs. The project cost is estimated to be Rs 3.00 lakhs. It is also expected to be up to Rs 20 lakhs. As far as orders are passed on the question of Contribution and rate. Legal opinion is now sought as to whether the Government fix up Contribution and rate in Rs 100 per acre on the entire 120,000 acres and Rs 15 per acre, holding a fresh enquiry under the Survey Act.

Date 11/11/52 As Under Secy (Gen) Sp 7/11
M. S. P.

(19) ^{ed} The question of revision of Contribution rate and an enquiry has been conducted under the Migration Act appears to have been considered in detail in the file relating to Tungya Project. The ad. with will if approved be requested to kindly consider the case in the light of the various points therein.

My opinion on a similar matter is recorded in U.O. No. 107 dated 30-7-1952. This is also a case in which it is stated that no notification has been published under Section 29 of the Act. That being so, it seems to me, that a further enquiry under Chapter VI is permissible. In any event a further enquiry by the Government under Section 28, does not appear to be forbidden. In this case again, it would be desirable, if possible, to obtain the consent of the holders of the lands to the payment of the increased contribution and water rate, which may be fixed in such enquiry.

31). The file relating to the ~~less~~ holding of fresh enquiry for levying enhanced rates of contribution & water rate in

Bhadra Reso. project - Levy of
Contribution & water rate.

4682
251-52.

Respect of the Tunga Anicut project
was received yesterday from the Law Branch &
it was subm. to the Minister for Rev. opn.

for orders of approval to hold fresh
enquiry.

32). This file relates to the
proposal to hold fresh enquiry
for levying higher rate of contribution
& water rate (para 5) in respect
of Bhadra Reso. project. The
Advocate-General & the Law Secy.
have opined that fresh enquiry
may be held - vide paras 28 & 29.
The proposal to hold
fresh enquiry is for orders.

Though not forbidden to hold further enquiry,
I think there is no purpose served
in holding ^{further} enquiry at this stage

when we have advanced in construction
when we cannot drop a period for
reasoning up to now agreeing to pay
enhanced rate -

Is there any enabling section in the
order to amend? accordingly ^{which can} force the ryots to pay higher rate
of contribution & water rate?

Bhadra Ress. Project - 12

Levy of contribution & water rate

34) In the file relating to the levy of enhanced rates of contribution & water rate in respect of the Tunga Anicut Project, ^(file no. 4849/pw) the Law Secy. was requested to intimate whether Govt. can levy enhanced contribution & water rate under the Amended Act, if after holding a further enquiry it is found that the majority of the ryots are not willing to pay enhanced contribution & water rate. The Law Secy. has noted thereon as follows:-

"Sec. 27 of the Amended Act dispenses with the necessity for consent & so the difficulty envisaged cannot occur.

It is as a measure of abundant caution that the Advocate-General has suggested consent of the holders also to be taken."

As Enhanced rates of contribution & water rate can be levied under the Amended Act even if

to Bhadra Res. project - Levy of
enhanced rates of contribution & water rate
the Ryots are not agreeable to pay
them and as the Advocate-General
has opined (para 28 of this file) that
in this case also it would be desirable
if possible, to obtain the orders
of the Ryots to the payment of
enhanced contribution & water rate
which may be fixed in such enquiry,
the proposal of the Spl. Ch. to hold
a fresh enquiry for levying enhanced
contribution & water rate ^{requires} ~~at present~~
orders. The Spl. Ch. has proposed the
~~levy of Rs. 150/- per acre~~
levy of ^{contribution at} a uniform rate of Rs. 150/- per
acre on ~~the~~ ^{the} entire aitchak of
1,80,000 acres (but the words 'dry lands to be
converted to wet' appear to be wrong - vide
last para of this letter filed in) and water
rate at Rs. 15/- per acre.

~~Para 11~~ 11/52 35). According to item 16
of the Second Schedule in the Govt. Business
Rules, proposals involving ~~any~~ ^{any} change
in the pitch of ~~any~~ any existing tax
or land revenue or irrigation rates

Council of Ministers held at Bangalore on 14th April 1953.....

SUBJECT: C.411/52-53.

55)

Enhancement of contribution and water rate in
respect of Bhadra Reservoir Project.

OPINION OF COUNCIL.

The following water rate and contribution is pro-
posed for both the Bhadra Reservoir and Tunga Anicut
Projects.-

A. Contribution:

1. Existing wet and garden
lands to be assured of
water supply. ... Rs.100/- per acre;
2. Dry lands to be newly
converted to be wet or
garden lands. ... Rs.300/- per acre;
3. Permanent semi-dry lands... Rs.100/- per acre.

B. Water Rate:

1. Sugar Cane... ... Rs. 25/- per acre;
2. Existing wet and garden
lands to be assured
of water supply. ... Rs. 10/- per acre;
3. Dry lands newly converted
into wet or garden. ... Rs. 15/- per acre;
4. Semi-dry lands. ... Rs. 7/- per acre.

Extract from the Notes in file bearing Diary No.4849/1617/P.W. relating to Enhancement of contribution & Water rate in respect of Thunga Anicut Project.

59) The question of sale price of Government waste lands can be taken up later on and decided. It cannot be less than Rs.300 or Rs.100^{an} acre according as the land is going to be converted into wet or semi dry respectively. Re: the other question, it is desirable that Government Order is issued after fresh enquiry is conducted and ryots reaction obtained to the proposal of Government. This is what the Law Secretary and the Advocate General say at paras 39 and 41.

Secy.P.W.)

Inld) H.C.
2/5

60) The Council resolution only 'proposes' certain rates and does not 'fix' them. However, if an enquiry were to be held now, it is bound to be a very prolonged affair as the atchkat of Tunga anicut project is situated in more than one Taluk and that of the Bhadra Project in three districts. The latter work also ~~sprawl~~^{spreads} over two districts - roughly half the dam being in Shimoga District and the other half in Chickmagalur District. It is by no means clear as to which Sub Division Officer of the P.W.D. has to conduct an enquiry in such a case. Sections 26 and 27 contemplate the fixing of a particular place for holding an enquiry and the holding of a formal enquiry at the place so fixed. The practicability of ~~taking~~^{getting} a good proportion of prospective atchkatdars at one place on a fixed day is highly doubtful. The prospect of the atchkatdars or of suitable proportion among them agreeing to the proposed rates seems ~~small~~ equally remote.

For favour of opinion whether in the circumstances the issue of a notification exempting these works under Sec.28 A is not feasible, if such a course should be considered administratively necessary.

Inld) D.K.S.
7/5

Law Secretary)

(Kind reference is invited to legal opinion expressed at paras 10-14 and the views of the Advocate-General at par

25 Bhadra Reservoir at ~~Lokhewalla~~ ^{reli} - contribution and enquiry in respect of the atchkat ~~area~~ ^{14692(57-52) 1}
coming within their jurisdictions and obtaining the consent of the ryots to the contribution and water rate ordered in the council resolution. Instead of authorising the several P.W.D. Sub Division officers, in whose jurisdiction the atchkat may be situated, to hold the fresh enquiry, the suggestion of the Advocate Genl. to appoint a Spl. officer for the purpose is also for consideration. A draft letter to the Chief Engr. in the matter of holding the fresh enquiry is also submitted for consideration. The issue of the letter with the approval of the Minister for Rev & P.W. is a matter for consideration.

20 Jan 1956

1. Letter No. 1558-9 dated 31st March 1956 from the Special Chief Engineer.

2. Letter No. 1 dated 2-4-1956 from the Special Chief Engineer.

Forwards the report about the Enquiry held under the Irrigation Act in respect of the levy of contribution and water rate in some of the villages benefited by the Bhadra Project.

(102) Submitted for perusal of the Special Chief Engineer's report and the mutchalikas referred to therein which are at pages 42-5/C.F. In brief the position is as follows:

Rates proposed to be levied by Government:
to be levied

CONTRIBUTION:

1. Existing wet and garden lands to be assured of water supply. Rs. 100/- per acre
2. Dry lands to be newly converted to be wet or garden lands. Rs. 300/- "
3. Permanent semi-dry lands. Rs. 100/- "

WATER RATE:

1. Sugar Cane. .. Rs. 25/- per acre
2. Existing wet and garden lands to be assured of water supply. Rs. 10/- "
3. Dry lands newly converted into wet or garden. Rs. 15/- "
4. Semi-dry lands. .. Rs. 7/- "

(103) Against the above rates, the ryots of the villages where the enquiry was conducted have agreed to pay contribution and water rate at the rates indicated below:-

P.T.O.

36 B.R.P. — Contribution & water rate — submitted

8466542571
— of the P.M.A. —

File No.

Mysore Government
Secretariat

Topinaghatta village.

Serial
No.

Dry lands becoming wet.	Rs. 175/-	per acre contribution.
Existing wet.	60/-	-do-
Existing wet and garden.	6/-	per acre water-rate.
Dry lands becoming wet or garden.	10/-	-do-
Sugar Cane.	15/-	-do-
Irrigated dry.	3/-	-do-

Malagurpa and Durmanahalli villages.

Dry lands becoming wet.	Rs. 100/-	per acre contribution.
Fertile lands.	150/-	-do-
Existing wet and garden.	50/-	-do-
Dry lands becoming wet.	10/-	per acre water-rate.
Sugar cane.	12 1/2/-	-do-
Lands assured of water supply.	7/-	-do-
Irrigated dry.	7/-	-do-

(104) Thus it is seen that the villagers are not agreeable to the levy of contribution and water-rate at the ~~proposed~~ *proposed* scales proposed by the Government. However, directions are stated to have been issued for conducting enquiry in some more villages to ascertain the views of the ryots for taking a final decision in the matter.

(105) Submitted for perusal and orders.

File
10/4/56
Sms 10/5/56

(106) The enquiry reports in respect of these villages are submitted for perusal before a decision is taken.

115) It is stated that the enquiry under the Irrigation Act in respect of the area now proposed to be served with water is not complete. The Scheme already approved (with the rates in approved Scheme) will not be applicable in respect of the present area as the levy of contribution and water rate up to 30 of the Irrigation is contemplated only after the enquiry under sections 25 and approval of the Scheme up to 28 of the Act. If it is felt on the administrative side that levy of water rate and contribution at the rates proposed in the Govt. letter dated 30/6/1953 ^{is necessary} a notification up to 28(A) of the Irrigation Act 1932 will have to issue dispensing with the procedure contemplated under sections 25 to 26.

Law Department.B.R.
3/6mas
5/6/56

U.O.-T. 114 / 5657 dated 20-6-56

(26) - It may not be appropriate to invoke powers under Section 28 A of the Mysore Irrigation Act 1932 because under that section Government can declare that the provisions of Sections 25, 26 and 27 with regard to holding an enquiry shall not apply to any particular irrigation work, but cannot make an order instituting the enquiry and during the pendency of the enquiry invoke the powers under Sec. 28 A. The reason is that the fact that an enquiry is instituted under Sections

Serial
No.

Sections 25, 26 and 27 shows that Government had accepted the applicability of those sections and had no intention of avoiding them. My learned predecessor - Sri A.R. Somnath Iyer - was also of the same view.

127) The question then arises whether it would be open to Government under Sec.53 of the Land - Revenue Code to authorize the Deputy Commissioner or the Officer in charge of the Survey to fix the rates to for the use of water, the right of which is vested in Government. In this connection, I must draw attention to para 2 of Section 2 of the Mysore - Irrigation Act which runs as follows:-

" All existing Acts, rules, orders or usages having the force of law, in so far as they are inconsistent with any of the provisions of this Act and the rules made thereunder in the areas and with respect to the irrigation works or classes of - irrigation works to which this Act (is applied) are repealed to the extent to which they are so inconsistent:

Provided that nothing herein contained shall be deemed to affect any acts done or liabilities incurred under the said Acts, rules, orders or usages having the force of law. "

128) It has, therefore, to be considered whether the provisions of Section 53 of the Land Revenue Code are inconsistent with any of the provisions of the - Irrigation Act. Undoubtedly it is a parallel - provision. If the purpose Government have in view is to recover water rates from the ryots who enjoy the benefit of the irrigation and to avoid loss to the State, Government may try the expedient of resorting to Section 53 of the Land Revenue Code and authorize the Deputy Commissioners of the - Districts to fix reasonable rates and it may be made

Serial

For perusal of the letter and
its enclosure at pages 95 to 99 F. D.N.L.
page 87 F. The levy of water rate &
Contribution will have to be governed by
the provisions of the new Act of 1957. According
to new Act irrigation enquiry need not be
conducted. The Collector is the final
authority to determine the contribution and
should not exceed Rs 500 per acre. The
draft rules framed to the new Act
have been referred to Law Dept for scrutiny.
After the new rules are approved by the legislature
the ~~rule~~ ^{rates} will have to be ~~fixed~~ ^{fixed}
fixed on the basis of those rules.

Serial

Office of the Special Chief Engineer
in Mysore, Bangalore.

26th September 1953

contribution and water
respect of the Bhadra
ir Project.

hat in G.O.No.P.W.2581-88/Irn.13-46-2
strative sanction was accorded to the
heme costing Rs.890 lakhs. In para 4
directed that the enquiry contemplated
rigation Act to determine the contribu-
be recovered from the ryots be conducted
ner of Kadur, Shimoga and Chitaldrug

missioner has intimated that the
Deputy Commissioners of Shimoga,
drug Districts, show that there has been
agreed to by the land holders likely to

project in the future and that the rates
vary from place to place. He adds that the rates of contribu-
tion and water rate have not yet been sanctioned by the Govern-
ment except that the Public Works Department have, at the time
of drawing up the project in July 1946, suggested the levy of
contribution at Rs.60/- per acre and water rate at Rs.7-8-0 per
acre.

3. The contribution and water rate, assumed in the
sanctioned project are noted below:-

Contribution. - Rs.60/- per acre for 1,63,000 acres.
Water Rate. - Rs.7-8-0 per acre for 1,71,000 acres
(less working expenses at Rs.1-4-0 per acre)
Sale of Govt. Lands. - 11,527 acres at rates varying
from Rs.10/- to Rs.100/- per acre.

The return from the scheme with the above rates works
out to 4.12%.

4. Owing to the abnormal rise in the cost of execution of the works, under ^{the} present conditions, the approximate amount of revised estimate for the project comes to 19.15 or Rs.20 crores and the return from the project on the basis of the revised cost assuming the sanctioned rates of contribution and water rate, gets reduced to 1.72%.

5. In view of the prevailing high price of land and agricultural produce it is but reasonable to levy proportionately higher rates of contribution and water rate so as to realise a reasonable percentage of return from the project. If the return has to be kept up at the original rate of 4.12% on the net cost to Government, the rate of contribution will have to be fixed at Rs.250/- per acre.

6. The Revenue Commissioner in Mysore, who has been consulted in the matter, has recommended the following rates:-

	<u>Contribution.</u> Rs.	<u>Water rate.</u> Rs.
a) Dry lands newly converted to wet.	125/- to 150/- per acre.	10/- per ac
b) Existing wet and garden lands getting benefit of improved irrigation.	60/- per acre.	6/- per ac (except areaa dens fi at Rs.2 acre,
c) Rainfed wet lands.	80/- per acre.	5/- per ac

Assuming these rates, the percentage of return works out to 1.83% as detailed in the accompanying statement.

I request that an enquiry under the Irrigation Act may kindly be ordered fixing the following rates of contribution and water rate. The working expenses will be

35

taken at Rs.2-8-0 per acre.

Contribution. - Uniform rate of Rs.150/- per acre on entire atchkat for 1,80,000 acres. (dry lands to be converted to wet)

Water Rate. - Rs.15/- per acre.

Upset price for sale of Govt. Lands. Rs. 100/- per acre. (Exclusive of contribution).

This will give a return of 2.68% as indicated in the statement enclosed.

Yours faithfully,

SRS.

Special Chief Engineer.
23/9

FINANCIAL FORECAST OF THE BHADRA RESERVOIR PROJECT AT LAKKAVALLI.

STATEMENT No.3. as per revised estimate and revised rates of contribution and water rate.

1. Realisation from contribution at Rs.150/- per acre from 1,80,000 acres.	Rs. 270.00 lakhs.
2. Realisation from sale of Government lands (excluding contribution) 11,527 acres at Rs.50/- per acre.	5.76 lakhs. -----
Total realisation from contribution and sale.	275.76 lakhs. -----

Net cost ~~to~~ to Government - 1915.00 - 275.76 = 1639.24 lakhs.

NET RECEIPTS.

1. From irrigation of 1,80,000 acres at Rs.15-0-0 water rate per acre less working expenses at Rs.2-8-0 per acre.	22.50 lakhs.
2. From power at Rs.100/- per H.P. for 21,500 H.P.	21.50 lakhs.
Total receipts	44.00 lakhs. -----

Off. note for Council Meeting

Subject:- Enhancement of Contribution & water rate in respect of Bhadga Resr. project

Flag 'B'

In G.O. No. Pw 2581-88/dm. ^{administrative}
13-46-2 of 7.11.1946, sanction was
accorded to an estimate amounting to
Rs. 890 lakhs ^{for the Bhadga Resr. project} with the direction
that the enquiry contemplated
in Chapter VI of the Drainage
Act to determine the contribution
and water rate to be levied
from the Taluqs be conducted
by the D.C.s of Kolar, Shimoga &
Chitaldurg D.S. The Spl. C.E. has
reported that the R.C. has
intimated that the enquiries held by
the D.C.s of Shimoga, Chikr. & Chital
durg D.S. show that there has been
no uniformity of rates agreed
to by the Taluqs & that the rates
vary from place to place.

Flag 'U'

8/10

2. The following are ^{stated} ~~stated~~ to be the ~~the~~ rates of contribution & water rate assumed in the Sanjivani project: —

Contribution - Rs. 60/- per acre.

Water rate - Rs. 7-8-0 per acre.

Sale of Govt. lands - All rates varying from Rs. 10 to Rs. 100 per acre.

With the above rates the return from the scheme ^{was expected to work} ~~works out~~ to 4.12%.

3. Owing to the abnormal rise in the cost of execution of the works under the present conditions, the approximate ^{amount} ~~cost~~ of the revised estimate for this project is stated to come to Rs. 17.15 crores or Rs. 20 crores and the return from the project on the basis of the revised cost and the above rates of contribution & water rate is stated to get reduced to 1.78%.

4. The Govt. C.E. reports that in view of the prevailing high price of land and agricultural produce

it is reasonable to levy higher rates of contribution & water rate so as to realise a reasonable percentage of return from the project. It is stated that the Rev. Commr., who was consulted by the Spt. C.E., has recommended the following rates :-

	<u>Contribution.</u>	<u>Water Rate</u>
a) Dry land being converted to wet.	Rs. 125 to 150 per acre.	Rs. 10/- per acre.
b) Existing wet & garden lands getting benefit of improved irrigation.	60/- per acre	6/- per acre (except area gardens fixed at Rs. 2 per acre).
c) Rain fed wet lands.	80/- per acre.	8/- per acre.

Assuming the above rates the percentage of return is reported to work out to 1.83 %.

5. The Spt. C.E. has recommended the levy of the following rates so as to realise a return of 2.68 % : —

10,2

Contribution - uniform rate of Rs. 150/- per acre on the entire allotted

Water rate - Rs. 15/- per acre--

upset price

for sale of Govt. lands - Rs. 100/- per acre-
(exclusive of contribution)

But it seems to be desirable to levy water rate based on crops instead of a uniform rate, ~~is~~ as follows:-

vide para 37 in 1935

	Sugar cane.	Paddy	Dry irrigated crops
a) Dry lands newly converted into wet.	Rs. 20.	12.	8.
b) Existing wet & garden lands under tanks getting the benefit of improved irrigation.	15.	10.	6.
c) Rain-fed wet.	18.	10.	6.

For lands left-fallow the minimum of Rs. 6 may be charged.

6. on the question of holding a fresh enquiry for levying enhanced rates of contribution & water rate, the Law Secy. has opined that a fresh enquiry is permissible under the Act.

6692
57 - P.W.

The rates at which ¹¹/₁₃ contribution and water rate are to be levied and the question of holding fresh enquiry for the levy of those rates ^{requiring} ~~are~~ orders. The Minister for Rev. & Pub. & the Chief Minister have ordered that the matter may be put up for discussion and discussed in Council.

~~SECRET~~

Dear Sri Brahmasuriah,

I am herewith enclosing a copy of the proceedings of the 37th meeting of the Bhadra Reservoir Development Committee held at Bhadra Reservoir Colony, Lakkavalli, on 24-12-1952 for kind perusal of the Minister for Revenue and Public Works. He wanted to peruse this in connection with the rates for contribution and water rates for the Bhadra Reservoir Project. The copy of the proceedings may kindly be returned after the perusal of the Minister.

Yours sincerely,

Sri P. Brahmasurian, B.A.,
Personal Assistant to the Minister for
Revenue & Public Works,
Bangalore.

13
15

Subject No.6:

Printing of Zone Maps.

O W G The letter addressed by the Superintending Engineer, Shimoga Circle, the Chief Engineer on the above subject was read for the information of the members (copy enclosed) - Enclosure II.

Subject No.7:

Prevention of speculation in Land.

The Acts of Prevention in Speculation in Land framed at the Tungabhadra Project, Hospet, were read and it was recommended to suitably modify and adopt them in this area also.

Subject No.8:

Combining the Proceedings of the 37 Bhadra Reservoir Development Committee meetings in one Volume and printing.

It was resolved to combine the remaining copies of the proceedings of the 37 Bhadra Reservoir Development Committee meetings available at the Chairman's Office and to have them in one bound volume, with an Index.

Subject No.9:

Printing of all the Comprehensive reports in one Volume.

It was resolved to have all the comprehensive reports in one bound volume and to have them printed.

Subject No.10:

Printing of Bhadra Reservoir Development Committee's Report.

It was resolved to have the Bhadra Reservoir Development Committee's report printed.

As this happened to be last meeting, since the Committee will have to be abolished with effect from the afternoon of 31-12-1952, the Chairman in concluding the meeting thanked all the Members for having given their valuable suggestions in attending to the work entrusted to the Committee in time. The Chief Engineer thanked the Chairman and also the other members and invites for having given their valuable suggestions and he desired that the Project should be an ideal one based on the valuable recommendations of the Committee Members.

The Chief Engineer suggested that a Committee of this kind would be necessary to solve the various problems that would arise due to the irrigation from this Project.

The Chairman informed that a Co-ordinating Committee might be formed later on, as in Krishnarajsagara.

14
16

The Chairman informed that the remaining work namely the printing of Reports and the submission of the report to the Government etc., would be attended to by him with the assistance of the Secretary.

2. Letter no. 977 SP.11 dated
26.9.1951 from the Special
Chief Engineer of Mysore requesting
in the circumstances explained
sanction to an enquiry under the
Briquet Act being held and
for the levy of certain higher rates
of contribution and water rate.
Order no. 1111

The ~~present rates~~ marginally
noted rates of contribution and water
rate were assumed in the sanctioned
project. It is reported
~~that the rates were not uniform~~
~~that the rates were not uniform~~
~~that the rates were not uniform~~
The enquiries
held by the Deputy Commissioners
of Shimoga, Chickmagalur and
Chitaldurg Districts show that
there has been no uniformity

Contribution	Rs 60/- per acre
Water rate	Rs 7-8-0 per acre
Sale of land	Rs 10/- per acre
List of Enclosures.	Rs 10 to Rs 1000/- per acre

Copied by
Examined by

GENERAL AND REVENUE

SECRETARIAT.

(Continuation sheet draft form.)

Contribution:- Uniform rate of
Rs 50/- per acre
on the entire
atchkat.

Water rate:- Rs 15/- per acre

Export price
for sale of
Govt. lands } :- Rs 100/- per acre
(exclusive of
contribution)

18
20

in the rates agreed to by the
ryots and the rates vary from
place to place.

Owing to the abnormal rise
in the cost of execution of the
works under the present conditions
the approximate amount of the
revised amount for the project
is stated to come to Rs 19.15 crores
or Rs 20 crores. The Spt. Chief
Engineer has reported that in view
of the prevailing high price of
land and agricultural produce
it is reasonable to levy higher
rates of contribution and water
rate so as to realise a reasonable
percentage of return from the
project. He has recommended
the levy of the marginally noted
rates.

After a consideration of the
abnormally high cost of execution
of the work and the high price of
land and agricultural produce,
sanction is accorded to the
levy of contribution and
water rate in respect of the
Bhadra Reservoir Scheme
at the undermentioned
rates. —

File No. 1-53

Serial No. 25

No. P.W. 23.69/30-6-53

To The Chief Engineer of Mysore
Bangalore.

Sir,

With reference to letter
No. 977/SPW dated 26.9.1951 from
the Special Chief Engineer on the
above subject, I am directed to
state that it is proposed to
levy contribution and water rate
in respect of the Bladra Reservoir
Project at the following rates
and to hold a fresh enquiry
under the Mysore Irrigation Act
to obtain the consent of the
Ryots there to:-

24
26

Contribution:

- | | |
|--|----------------|
| (1) Existing wet- and garden lands to be assured of water supply } | Rs 100/- per a |
| (2) Dry lands to be newly converted to be wet- or garden lands } | Rs 200/- per a |
| (3) Permanent- semi-dry lands | Rs 100/- per a |

Water Rate:

- | | |
|--|---------------|
| (1) Sugar cane | Rs 25/- per a |
| (2) Existing wet- and garden lands to be assured of water supply } | Rs 10/- per a |
| (3) Dry lands newly converted into wet- or garden } | Rs 15/- per a |
| (4) Semi-dry lands. | Rs 7/- per a |

Some one of the Dist. Engineers already on duty and having jurisdiction over a portion of the catchment of the project is proposed to be specially designated for holding the fresh enquiry. I am therefore to request you kindly to suggest;

urgently, a suitable officer for the purpose, ~~from the list of the~~
~~our in the case of the Tunga Baidur Project.~~
The matter may be treated as very urgent.

Yours faithfully

Read :-

Correspondence ending with letter No. 1241 dated 10-5-1954, from the Special Chief Engineer for Major Irrigation Works, Bangalore, forwarding certain proposals for levy of contribution and water rate in respect of ~~shkat~~ to be brought under cultivation under the Tunga and Bhadra Projects.

2. Letter No. C5.3382/47-48 dated 19-5-1954 from the Revenue Commissioner in Mysore stating that the Sub Committee of the Bhadra Reservoir Development Committee have suggested to fix the scale of contribution and water rate on the basis of the kind of crops raised and on the unit basis of various crops so raised.

ORDER THEREON NO. P.W. 12657-63 In 2-54-176

Bangalore, Dated 28th August 1954.

At present it is seen that different rates of contribution and water rate are being levied or contemplated to be levied under the several irrigation projects. These rates vary from place to place and from project to project. It is felt that it is necessary to re-examine the question of fixing appropriate rates of contribution and water rate under each of the projects on a rational basis. Comprehensive proposals have therefore to be framed with reference to all the ~~low~~ projects. There is also a Bill pending before the Legislature seeking enhancement of water rates. The rates mentioned in the Bill have also to be considered. Government consider it necessary to appoint a Committee to go into the entire question.

2. Sanction is therefore accorded to the constitution of a Committee with the Minister for Agriculture as Chairman, and with the Revenue Commissioner in Mysore, the Financial Secretary to Government, the Revenue Secretary to Government and the Secretary to Government, Public Works Department as Members to examine the question in all its aspects.

3. The Committee is requested to make proposals within two months for final consideration of Government.

(H. Chennich.)

For Secretary to Government
Public Works Department.

Encls.Date 7th June 1955.

To

The Secretary to Government,

P.W. Department, Bangalore.

Re:- Appointment of Sri P.V.Keshavaiah as
Special Sub Division Officer.

Adverting to Government Notification No.P.W.A.7124-30/Irn.1-54-124 dated 14th October 1954, appointing Sri P.V.Keshavaiah, B.E., Assistant Engineer as a Special Sub Division Officer for the entire area irrigated by the Bhadra Reservoir Project at Lakkavalli, Tarikere Taluk, in addition to his duties, I write to state that the Superintending Engineer reports that Sri P.V.Keshavaiah was relieved of his duties in Bhadra Reservoir Left Bank Channel Division on the afternoon of 2nd April 1955, as he was posted for the charge of Electrical Division, Tungabhadra Board.

Sri K. Govinda Rao, Sub Division Officer, who was posted in place of Sri P.V.Keshavaiah, Assistant Engineer, took charge of No.4 Bhadra Reservoir Left Bank Channel Sub Division, on the afternoon of 18th April 1955.

Hence, I request that a Notification may kindly be issued appointing Sri K. Govinda Rao, Special Sub Division Officer, in place of Sri P.V. Keshavaiah, for conducting the Enquiry under Irrigation Act in respect of Bhadra Reservoir Project in addition to his own duties.

Yours faithfully,

T. Ramaswamy Iyengar

GOVERNMENT OF MYSORE.

No. 1558-9
Encls: 14C

Office of
The Special Chief Engineer,
Major Irrigation Works in Mysore,
Bangalore, dated 31/3 March 1956.

To

The Secretary to Government,
Public Works Department,
BANGALORE.

Sir,

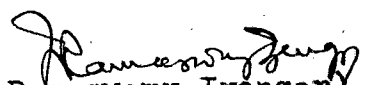

Reg:- Bhadra Project - Contribution and water
rate - Enhancement.

With reference to your letter No.P.W.A.8554 dated 31-12-55 requesting to forward a report of enquiry in respect of the levy of a contribution and water rate under the Bhadra Project, I write to forward herewith for kind perusal a copy of letter No.1329 dated 27-2-1956, together with a copy of the report of enquiry and the statement tendered by the ryots.

The ryots of these villages are not agreeable to the levy of contribution and water rate as specified in your letter No.P.W.2369/Irn.1-55-25 dated 30th June 1953.

The Superintending Engineer, Tungabhadra Valley Circle, has directed the irrigation officer to conduct enquiry in same more villages served by the Bhadra Reservoir and submit the views of the ryots, for taking a final decision in regard to contribution and water rate to be levied.

Yours faithfully,

(T. Ramaswamy Iyengar),
Special Chief Engineer.

L;P:29-3;

43
44

Letter No.1329 dated 27-2-1956, from the Assistant Engineer, No.4 B.R.L.B.C. Division, to the Executive Engineer, No.4 B.R.L.B Channel Division Bhadravathi.

Regarding findings of the Enquiry under Irrigation Act pertaining to Toppingatta and Islapur villages, Shimoga Taluk.

With reference to the above, I write to report that the date of holding enquiry was deferred by two days to suit the convenience of the villagers and accordingly was held on 25-2-1956. Quite a representative section of the villagers was present and enquiry was held in their presence. The proceedings are enclosed herewith for kind information. As in other villages wherein enquiry has been conducted, the villagers strongly feel that the levy according to Government proposal notified in the Gazette is high and comes unbearable strain on their already meagre resources and that the called for from them is difficult to made despite persuasive efforts made to convince them of the reasonableness of the levy, they unanimously disagree with the rates of contribution and water rates proposed alternatively they have proposed certain rates which are embodied in the mutchalika enclosed. Accordingly to this, they agree for a contribution of Rs. 175/- and Rs.60/- as against the Government levy of Rs.300/- and Rs. 100/- respectively on fresh lands made wet and wet lands assured of water supply. Even in respect of water rates they claim considerable reduction, agreeing to pay Rs. 15/- for sugarcane and Rs.10/-for paddy against the proposed levy of Rs.25/- and 15/- respectively.

Thus it is being seen that the Ryot Class urge uniformly for a reduction of levy on the plea that their present economic conditions does not enable them to stretch their resources any further.

Letter No.1235 dated 1-2-1956, from the Assistant Engineer, No.4 BRLBC Sub Division, to the Executive Engineer, No.4 BRLB Channel Division, Bhadravathi.

Regarding Enquiry under Irrigation Act in respect of Malagoppa and Dummalli villages held on 30th January 1956.

I write to submit herewith the details and findings of the Irrigation Act Enquiry held on 30-1-1956 as per Gazette Notification. A large number of ryots were present and they vehemently represented that the levy as proposed by the Government Notification was heavy. Particularly as the lands of their village are not fertile, being mostly sandy or gravelly. Despite earnest efforts to convince them of the need to sacrifice at this juncture, in as much as the Government is engaged in colossal tasks for the improvement of villages in particular they appear to strongly feel that their economic condition at present and the market conditions of agricultural produce do not permit them to bear any more burden of betterment taxes, then those indicated in the mutchalika drawn up in their presence and the Village Officers.

As against the levy proposed of Rs. 300/-for freshly converted wet area the villagers plead that they are agreeable only for Rs.100/-for unfertile and Rs. 150/- for retentive and fertile soils. This is very low even in respect of water charges they demand the imposition of reduced scales as indicated in the mutchalika.

The copy of the Notification circulated among the villagers is enclosed herewith for kind information. .

45
Letter No.1213 dated 29-1-56 from the Assistant Engineer,
No.4 Bhadra Reservoir Left Bank Channel Sub Division, to the Executive
Engineer, No.4 BRLB Channel Division, Bhadravathi.

Regarding Irrigation Enquiry in respect of Hidige Village
on 23-1-1956.

I write to report as per Gazette Notification Irrigation Enquiry was conducted at Hidige on 23-1-1956 on the presence of Atchkatdars and Shanbogue and the findings and the procedure recordings are herewith submitted for kind information.

The villagers were unanimous in declaring that the levy of water rates and contribution amounts was high, compared with the conditions prevailing to-day and any amount of persuasion to impress upon them, the reasonableness of the levy, was of no avail. It was also brought home to their mind that the levy proposed by the Government was necessitated by the high cost of irrigation works and the several development schemes undertaken by the Government in the interest of the villages. The villagers have agreed to the rates as indicated in the Mahazar submitted herewith and kind instructions are solicited in the matter.

The Notification circulated among the Atchkatdars is also submitted in original for kind information.

OFFICE OF

Special Chief Engineer,
Major Irrigation Works,
Bangalore.

Date 17-4-56

To

The Secretary to Government,

Public Works Department, BANGALORE.

Sir,

Sub:- Levy of water rate under the Bhadra Reservoir
Project and allied Works.

With reference to correspondence ending with this office letter No. 1558 dated 31-3-1956, I write to state that, as contemplated in the approved programme of the Bhadra Reservoir Project to end of the First plan period (i.e., June 1956), the dam has been arranged to be raised to plus 67 above the river bed in the flanks and ⁴⁶ plus 45 in the Central portion to impound water as a first stage. The Left Bank Channel, 50 miles long will have been completed to carry water and bring under irrigation 17,894 acres and during June, 1956. It is proposed to allow water for irrigation in the Bhadra Reservoir Left Bank Channel. Water rate has to be levied on the lands served with water.

2. Though the enquiry under the Mysore Irrigation Act in respect of this project has not been completed, it is essential to recover the water rate on the scale fixed in your letter No. P.W. 2369/-Irn. 1-53-25 dated 30-6-53 so as to assure the financial anticipations of the project.

3. The Standing Technical Advisory Committee has opined that a statement of lands commanded for wet cultivation by Bhadra Left Bank Channel with the marginally noted particulars be forwarded to the Deputy Commissioner,

- | | | | |

B. R. P. Post, Dated 9-7-1956

To

The Secretary to Government,
Public Works Department,
Bangalore.

Subject:- Bhadra Project - Levy of water rate and Contribution.

S i r ,

With reference to your letter No.P.W.A.2356-57 dated 29.4.56, enquiring the stage at which the above question stands, I enclose herewith for perusal, a copy of letter No.333 dated 4.7.56 received from the ^{Executive Engineer,} Bhadra Reservoir Let Bank Channel Division. The enquiry has not made much headway. It is reported that there are several villages for which enquiry has yet to be made. As already intimated, the ryots are not agreeable to the levy of contribution and Water Rate proposed by Government.

As observed by the Chairman of the Bhadra Reservoir Special Committee at its VIII Meeting held on 26.12.55, some special ~~legislation~~ may be necessary to levy Water Rate and Contribution at reasonable rates.

I have requested the Executive Engineer, No.4 B.R.L.B. Channel Division, to see that the enquiry is completed within 3 or 4 months at the latest.

Yours faithfully,

M. S. Sanyal 9/7

Re:-Bhadra Project : Levy of Contribution and Water Rate.

With reference to your D.O.letter No.257 dated 2.7.56 forwarding a copy of letter No.2356-57 dated 30.6.56 regarding the above subject and requesting to furnish certain particulars, I write to state as follows:

Enquiry in respect of the 5 Villages (Nidige,Dumahalli Mallagoppa Topinaghatta and Islapura Villages in Shimoga Taluk) have been conducted and the proceedings already submitted with this office letter No.1536 dated 8.3.56 and the same fact has been reported to the Special Chief Engineer for Major Irrigation Works in Mysore,Bangalore, vide your letter No.S. 3439 dated 23.5.56.

As per kind instructions conveyed in your Memo.No.3440 dated 23.5.56 arrangements will be made to proceed with the Irrigation Enquiry works for some more villages and proceedings there of will be submitted in due course. There are still several villages for which enquiry has to be conducted and the same will be attended to.

In this connection, kind reference is invited to the para 3 of the Review of the Proceedings of the 8th meeting of the Bhadra Reservoir Special Committee held at Bhadra Dam Site on 26.12.55 wherein it is stated that the Chairman said that since no mutchalikas had been taken it would not be ~~legally~~ legally correct to compel them to pay contribution and water Rate unless some special legislation was resorted to in this behalf.

Sub: Bhadra Reservoir Project - enquiry
under the Mysore Irrigation Act.

I write to state that in Notification No.P.W.A.4274-78/Irn. 1-55-65 dated 23-8-1955, Sri K.Govinda Rao, Sub Division Officer, Nidege, Sub Division, was appointed as a Special Sub Division Officer, for the entire area irrigated by the Bhadra Reservoir Project. He has been transfered to Chintamani Sub Division in Chief Engineer's Notification No.9160-71 dated 24-7-56. He will be relieved shortly. Kind reference is invited to letter No.G.22-23 dated 9-7-56 from the Superintending Engineer, Tungabhadra Valley Circle, to your address reporting that the enquiry ~~that~~ under the Irrigation Act has not made much headway and that the ryots are not agreeable to the levy of contribution and water rate.

The Superintending Engineer, Tungabhadra Valley Circle, has recommended that Sri A.K.Ramaswamy, Assistant Engineer, who has been transfered from the Tunga Anicut division to the Bhadra Reservoir Left Bank Channel Division, be appointed as Special Sub Division Officer to conduct enquiry under the Irrigation Act in respect of the Bhadra Reservoir Project in place of Sri K.Govinda Rao, Sub Division Officer.

I request that approval of Government to the above proposal may kindly be communicated and necessary notification in this behalf may kindly be issued.

Yours faithfully,

(T. Ramaswamy Iyengar)
Special Chief Engineer.

The file relating to this subject was sent to the Rev. Branch with D. No. 2484/PWA on 21.8.56. for furnishing certain particulars. That file has not yet come back even though the Rev. Branch was approached personally also. Hence this may be referred to the Rev. Branch for retransmission with the connected file to enable further action.

OFFICE OF

THE CHIEF ENGINEER
MAJOR IRRIGATION - SOUTH,
BANGALORE.

Date 9th November, 1956.

The Secretary to Government,
Public Works Department, Bangalore.

Sir,

Regarding:- Bhadra Reservoir Project - Levy of Water Rate
and Contribution.

With reference to your letter No.P.W.A.3578-80 dated 4-8-56 I write to forward herewith a copy of letter No.S.2558 dated 26-10-56 received from the Superintending Engineer, Tungabhadra Valley Circle reporting that enquiry in respect of Bhadra Reservoir Project has been completed in respect of only eleven villages that will be benefitted by the Bhadra Reservoir Project by the officer appointed for the purpose. There are more than 300 villages in the Bhadra Reservoir Project area in respect of which the irrigation enquiry has to be conducted. As the enquiry under irrigation action would be delayed and it would take a long time, the Superintending Engineer, Tungabhadra Valley Circle has proposed to entrust the work to the Assistant Engineers or Sub Division Officers in charge of the respective Sub Divisions of Divisions working in the Bhadra Reservoir Project in order to complete the work early as the number of villages served by the Project is very large. I concur with the proposal of the Superintending Engineer, Tungabhadra Valley Circle.

I request you kindly to communicate approval of Government to the proposal to empower all the Assistant Engineers in the Bhadra Reservoir Project as Irrigation Officers to conduct the enquiry under the Irrigation Act in respect of villages in their jurisdiction.

Yours faithfully,

(T. Ramaswamy Iyengar),
Chief Engineer,
Major Irrigation - South.

Bnm:

66
67

Letter No.S.2558 dated 26-10-56 from the Superintending Engineer, Tungabhadra Valley Circle, B.R.P.Post, to the Special Chief Engineer for Major Irrigation Works in Mysore, Bangalore.

Subject:- Bhadra Reservoir Project - Levy of water-rate and contribution.

With reference to correspondence ending with your D.O. Letter No.889-90 dated 10th October 1956 on the above subject, I write to state that enquiry in respect of Bhadra Reservoir Project has been completed in respect of only eleven villages to be benefitted by the Bhadra Reservoir Project by the officer appointed for the purpose. There are more than 300 villages in the Bhadra Reservoir Project area in respect of which the Irrigation Enquiry has to be conducted. The work of conducting enquiry under Bhadra Reservoir Left Bank Channel is likely to be delayed as there is only one Assistant Engineer who has to conduct enquiry in addition to his own duties. I, therefore, suggest that it is better to entrust the work to the Assistant Engineers or Sub Division Officers in charge of the respective Sub Divisions of all Divisions working in Bhadra Reservoir Project in order to expedite the work on the number of villages served by the project is very large. Further, the appointment of a particular person by name to conduct enquiry under the Irrigation Act, works as a hardship, as the work will be hindered consequent on the transfer of the person to another place. In the present case Sri K. Govinda Rao, Sub Division Officer, was in charge of the work and the work is hampered by his transfer outside the Circle and the orders of Government appointing another officer in his place has not yet been received. However, the No.4 Bhadra Reservoir Left Bank Channel Sub Division, has been asked to continue the work pending orders of Government.

I request you kindly to obtain and communicate orders of Government to appoint all the Assistant Engineers in Bhadra Reservoir project as Irrigation Officers to conduct enquiry under the Irrigation Act in respect of villages served in their jurisdiction so that a report may be submitted to Government early.

The Executive Engineers have been requested to furnish a statement of villages that lie in their jurisdiction in respect of which the enquiry has to be conducted, on receipt of which information a further report will be submitted to you.

Encls. 10.6

OFFICE OF Office of the Chief Engineer, 79
Major Irrigation—South,
BANGALORE.

Date. 77th Novr. '57.

To

The Secretary to Government,
Public Works Department,
Bangalore.

Sir,

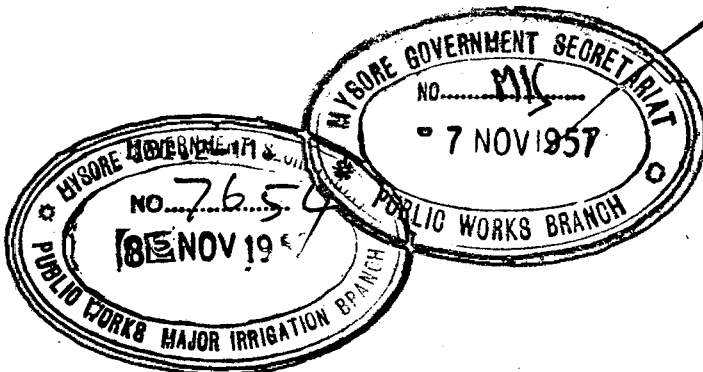

Re: Bhadra Reservoir Project - Levy of water rate
and contribution.

P81c F.

Adverting to Government notification No. PWD 69 BRP 57 dated 14th March 1957 appointing the Assistant Engineers and Sub Division Officers of the Bhadra Project to conduct the enquiry under the Irrigation Act in the villages situated in their respective jurisdictions, I write to forward herewith for information of Government a copy of letter No. S.4513 dated 26th Octr. '57 received from the Superintending Engineer, Thungabhadra Valley Circle, reporting that he would be able to furnish a detailed final report in the matter by the end of December 1957 at the latest.

Yours faithfully,

C. R. Krishnaswamy Mudaliar
(C. R. Krishnaswamy Mudaliar),
Chief Engineer,
Major Irrigation - South.

Letter No S.4513 dated 26th Octr.'57 from the Superintending Engineer, Thungabhadra Valley Circle, B.R.P.Post, to the Chief Engineer, Major Irrigation - South, B'lore.

Re: Bhadra Reservoir Project - Levy of water-rate and contribution.

Further to this office letter No S.2835 dated 7-8-1957 on the above subject, I write to state that the matter is being pursued further and I expect that I would be able to furnish a detailed final report in the matter by the end of December 1957 at the latest.

In this connection, I wish to add that the Executive Engineer, No.5 Bhadra Reservoir Right Bank Channel Division, has sought six months time from 20-7-1957. The Executive Engineers of No.4 Bhadra Reservoir Left Bank Channel Division and No.2 Materials Division, have already arranged for Irrigation Enquiry in respect of certain villages served by Bhadra Reservoir Left Bank Channel and Bhadra Reservoir Right Bank Channel.

The Executive Engineer, No.7 Tunnel Division, has also arranged to issue notification under Schedule 25 and 26 of the Mysore Irrigation Act in the Mysore Gazette.

Persistent reminders will be issued to all the concerned Executive Engineers and the final report will be arranged to be submitted to you at the earliest.

Re:- Bhadra Reservoir Project - Levy of water rate
and contribution.

Mr. Aul

With reference to your letter No.PWD 69 BRP 57 dated 27th June 1958 requesting to intimate the stage at which the matter stands at present, I write to forward herewith a copy of letter No.C.T.1447-50 dated 18th July 1958 together with its enclosures in original received from the Superintending Engineer, Bhadra Canal Circle, reporting that the Mysore Irrigation Act No.28 of 1957 dated 31-10-1957, does not contemplate any Irrigation enquiry and that contribution and water rate under the Act, would be fixed by Revenue authorities, after a project is executed.

The question of fixing the betterment levy and contribution and water rate rests with the Revenue Department.

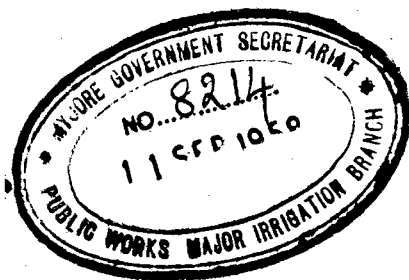

Yours faithfully,

DRAFT APPROVED BY CHIEF ENGINEER

Bnm:7/9.

S. P.
(C.K. Rangaraja Iyengar)
Chief Engineer,
Major Irrigation - South.

9/9.

Letter No.C.T.1447-50 dated 18th July 1958 from the Superintending Engineer, Bhadra Canal Circle, to the Chief Engineer, MajorIrrigation-South, Bangalore.

Subject:- Bhadra Reservoir Project - Levy of Water Rate and contribution.

Reference:- Your Memo No.5242-43 dated 1-1-58 inviting reference to letter No.PWD 69 BRP 57 dated 27-6-58 from Secretary, Public Works Department.

In your letter Memo No.2096-97/S dated 7-11-57 addressed to Government, it was replied, that a detailed, final report on the result of Irrigation enquiry would be furnished by December 1957. This was based on Superintending Engineer, Tungabhadra Valley Circle's letter, when this Circle was not formed.

The Irrigation Enquiry under the 12th Zone distributary of B.R.R.B. Channel I Section and under 1 to 7 zones of Anvery Branch Channel, were conducted by the respective Assistant Engineers, and a copy of the enquiries made is enclosed for reference. It is seen, there from, that the villagers have represented that they cannot pay the contribution and water rate as fixed by Government.

A comparative statement of the rates of contribution and water rates fixed by Government and rates which the ryots agreed to contribute, in one case is written up below:

Category.	Contribution - 12th zone Distributary of B.R.R.B.Channel Ist Section.	
	As fixed by Govt.	As prayed for by villagers.
1	2	3
1. Existing wet and garden to be assured of water supply.	Rs.400/acre.	Rs.75/- per acre.
2. Dry lands newly converted to wet and garden.	Rs.300/acre.	Rs.90/-per acre by Bhadrapur villagers.
3. Permanent Semidry lands.	Rs.100/acre water rate.	Not stated.
4. Sugar cane.	Rs.25 per acre.	Not stated.
2. Existing wet and garden lands to be assured of supply.	Rs.10 per acre.	Rs.7.50 per acre.
3. Dry lands newly converted into wet.	Rs.15 per acre.	Rs.10 per acre.
4. Semi dry land.	Rs.7 per acre-	Not stated.

The enquiry under Malebennur Branch Channel and Davangere Branch Channel could not be taken up by the concerned Assistant Engineers, since the final alignment of these channels, was yet being surveyed.

In the meanwhile with the anactment of the Mysore Irrigation - Mysore Act No.28 of 1957 dated 31-10-57 (Levy of Betterment contribution and water rates)

Act of 1957, it was directed in letter No, PWD 7 ERP 57 dated 10/11th January 1958 from the Secretary, Public Works Department addressed to you, ~~xxxxxxx~~ that the above act, does not contemplate any contribution enquiry and that contribution and water rate under the act, shall be fixed by Revenue authorities, after a project is executed. (This would apply for projects already taken). According to section 3 of this new Act, Government have retained the Power to levy a betterment contribution from the land holder, who is benefitted by the construction, restoration, expansion or alteration of any irrigation work taken by Government. It is stated that this applies to all works started after 1-1-1944 and hence this project is also included.

According to section 4 of the Act, it is stated that the collector or Deputy Commissioner shall determine the Contribution payable in respect of each of the lands, and that the contribution shall in no case exceed Rs.500/- per acre.

It is stated under para (2) of the section that before, determining the Contributions payable, the collector or Deputy Commissioner shall invite objections and suggestions in such manner as may be prescribed, from the persons liable to pay the same, and consider in the prescribed manner all objections and suggestions received from them.

Para (3) states that "Any land holder aggrieved by any determination made the Collector, may within the prescribed time, appeal, to the prescribed authority and the prescribed authority may pass such orders on the appeal, as it thinks fit".

According to para (4) "Any order passed by the prescribed authority on an appeal preferred to it and subject to the orders aforesaid, of the prescribed authority, the determination of the collector shall be final and shall not be liable to be questioned in any court of law".

Under Section (6), para (4), it is stated that, where the contribution is payable in ~~cash~~^{CASH}, it shall be payable in such number of instalments not exceeding twenty and at such times as may be prescribed.

In view of the above sections of the act, I am seeking clarification on the following points:-

(1) In each section of new Act, a mention is made of the Revenue Authority and according to definition of section 2 - Collector means, Deputy Commissioner or such other Officer not below the rank of Deputy Commissioner or Assistant Commissioner as the Government may appoint.

According to the Notification No. PWD 69 ERP 57 dated 14-3-57 the Assistant Engineers and Sub Division Officers, of Bhadra Project, were authorised to conduct the enquiry in the villages situated in their respective jurisdictions. Whether the powers given to the Assistant Commissioners will also be given to the Assistant Engineers of this Project, under the new Act, may please be clarified.

876

(2) According to letter No.PWD 7 IRR 57 dated 10/11th January 1958 from the Secretary, Public Works Department addressed to you, it was directed, that the new Act, does not contemplate any Irrigation enquiry from P.W.D. and that the contribution and Water rate would be fixed by Revenue ~~Revenue~~ Authorities after the project is completed. According to section 4 of the Act, in paras (2) (3) and (4), it is stated that objection and suggestions in the manner prescribed has to be invited and then the appeal of landholder, has to be heard and a final decision has to be taken on the amount of contribution and water rate, by the prescribed Authority. All these have to be conducted, in the same manner, as was done previously. The detail rules of procedure for conducting this enquiry, according to the new Act, seems to be not yet finalised and in the absence of these rules, it would be difficult to follow the Act.

(3) The result of enquiry made in a few case show, that ryots are not agreeable now to pay the contribution and water rate fixed by Government for this project. Since a suitable contribution and water rate, depending upon the crops, referred to, are already fixed by Government to obtain the required return on the investment made by Government, there can be no question of reducing the rate of contribution and water rate at this stage as prayed for by the ryots. In the circumstances orders of Government may be obtained that the concession prayed for by ryots of reduced contribution and water rate, than what had already been contemplated, cannot be considered and in such cases, the authorities would have to only enforce the rates already contemplated, on the ryots concerned. A formal enquiry would be made in each case, just to enlighten the ryots and necessary mutchalikas have to be obtained in each case agreeing to pay the stipulated minimum contribution and water rate. If the ryots are not prepared to sign the Mutchalikas necessary powers, must be conferred on the officers, to enforce these rates, on the ryots binding them to pay the stipulated rates provided this Department is entrusted with the work of enquiries.

I therefore request that Government may kindly be addressed to clarify some of the above points and the rules of procedure in each case sent to this office for taking further action in the matter. In respect of remaining Branch Channels only Malebennur and Davangere Branches (via.) Whether Assistant Engineers should conduct Irrigation enquiry or in view of Secretary, Public Works Department's letter No.PWD 7 IRA 57 dated 18-1-58 and Mysore Act No.28 dated 31-10-57 of Revenue Department would do this part of the work, may please be ^{made} ~~more~~ clear.

Copy of letter No.S.T. 369 dated 9/10th Jan.58 from the Executive Engineer, No. 1 Canal Division to the Superintending Engineer, Bhadra Canal Circle B.R.T. Colony.

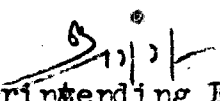

Sub:- Bhadra Reservoir Project - Irrigation enquiry under section 25 and 26 of Mysore Irrigation act of 1932 in respect of opening anvery branch Charrel.

In continuation of this office letter No. 173 dated 11th December 1957 submitting the Irrigation enquiry report received from the Assistant Engineer, No. 1 sub division in respect of 12th zone of B.R.R.B. Charrel, I write to enclose herewith the copy of enquiry report in respect of I to VIIth zone of Anvery Branch charrels received from Sri G. Karisiddappa, B.E., Irrigation Officer who conducted the enquiry for fabour of information.

Written statements given by the Land Owners during enquiry as received from the Irrigation Officer are also enclosed herewith for kind reference.

As could be seen from the report as well as the statments given by the parties, the ryots while they are anxious for getting water supply, are not agreeable to pay the ~~maximim~~ contribution and water rates fixed.

17

Copy of letter No.2744/26 dated 2-1-1958 from the Assistant Engineer, No. 4 Tunnel sub division, Heirmadalu to the Executive Engineer, No. 1 Tunnel Division, B.R. T. Colony.

REG: IRRIGATION ENQUIRY

With reference to your memo No. AE/4 to No. 959/3 dated 19-12-57 returning the muchalidas executed by the ryots in zone No. 2 of Anvery distributory to submit the consolidated reports for all the seven zones in Anvery distributory, I write to state that in response to the Gazette notification dated 4th September 1957, no objection were received in writing within 30 days from the above date.

Afterwards, the following dates, and the places were fixed for each zone and the fact intimated to all the concerned village officers, Revenue Inspectors, Amildars of the respective taluk, the Revenue sub division officer and the Deputy Commissioner. It is regretted to state that in no places, the Revenue Inspector attended the Irrigation enquiry on any day and hence, actually the ryots had to be sent for after my going over to the spot.

The dates and places where irrigation enquiry was conducted are noted below:

HYDRA TIST			
Date	Place	Zone	Villages.
28-11-1957	Anvery	I Zone	Mydalu, Gudumaghatta, Jangara-halli, Anvery, Ittagahalli, Voderpura, Arasaghatta.
28-12-1957	Holehonnur	II Zone	Vidarpura, Arasaghatta, Kurubara vittalapura, Nimsagudi.
	Sasuvehalli Hoble		Hosagavadi, Chanombapura, Lingapura.
12-12-57	Hosahalli	III Zone	Cherumbapura, Lingapura, Jalikatte, Kysenkere, Bogawadi, Hulehalli, Bommahalli Hosahalli, Kulagatta.
19-12-57	Sasuvehalli	IV Zone	Bommanahalli, Kulaghatta, Kasulapura, Bommanahalli, Mavinakatte, Sasuvehalli, Airur Bullapura, Rampura, Hutyapura, Sadashivapura, H, rebosve, Birgordarahalli, Chikkabasuve, Ujjainipura.
22-12-57	Benakarahalli	V Zone	Ujjairipura, Chikkabasuve, Benakarahalli, Hosahalli.
27-12-57	Thakkerahalli	VI Zone	Emmaraghatta, Thakkerahalli, Devarahalli.
28-12-57	Honnali	VII Zone	Belamakere, Gollarahalli, Deverhonnali.

At each place, I conducted the irrigation enquiry. The ryots were explained the details regarding the constitution and water rates proposed and also the water rate proposed is in addition to the present land assessment.

As could be seen, the ryots are of anxious to receive water for their lands and grow crops. But they have pleaded their inability in some cases to pay the contribution and water rates fixed by Government. They have asked for instalment varying from 20 to 30 years to pay contribution at the rates proposed by them. Some of the ryots have got lift irrigation pump sets installed. They represented that the arrears irrigated by the above pump sets may be given concessions in view of the expenses incurred by them already.

Since the ryots have not accepted the rates proposed by Government, the Muchalikas have not been obtained or stamped paper.

The muchalikas in duplicate executed by the atchkatlars of the respective village in all the seven zones are herein enclosed for kind perusal and further needful.

Re:- Bhadra Reservoir Project - Levy of Water rate
and Contribution.

Ref:- Memo No.16963-66 dated 20-11-57 from the
Superintending Engineer, Tungabhadra Valley
Circle.

With reference to correspondence ending with the memo
referred to above, I write to enclose herewith the detailed
report on the Irrigation enquiry conducted by Sri. K.V.
Rajalakshmiiah Setty, Irrigation Officer, together with the
copies of his letter No. 1423 dated 21-11-57 for kind
information.

As could be seen from his report the ryots are not
prepared to pay the water rate and contribution, fixed
by the Government. The rates at which they are agreeable
are also furnished in the report.

The mutchhalika given by them in this behalf are also
enclosed herewith for favour of information.

The enquiry in respect of Anvery Distributary channel
is being conducted by the Assistant Engineer, No.4 Sub
Division and will be submitted on its receipt.

Re:- Levy of contribution and water rates.

With reference to your memo No.AE.1 T.466 dated 3-9-57 and in continuation of this office No.1232 dated 31-10-57, I write to report that the irrigation enquiry was conducted on 18-11-57 as per ~~Notification~~ dated 31-10-57 at Agaradahalli village between 9 A.M. and 1.45 P.M. Most of the atchkadars had attended the meeting.

They have all represented that they cannot pay the contribution and water rate as fixed by the Government. They have given in writing to this effect. Their petitions are also enclosed in original with detailed note on the enquiry conducted for favour of kind perusal and further needful.

It may kindly be made clear whether the execution of distributary is to be post-poned till specific order of the Government are received, (vide act 28 of Irrigation Act).

In this connection I may kindly be permitted to point out that though the Amildar, of Bhadravolu, Revenue Inspector, of Holihonnur Hobli and the Sharubogs of the concerned villages were requested to give their co-operation by attending the meeting vide this office No. ... dated ... None of them attended.

This disposes of your memo No.AE1 T.719/13-9-57.

Report on Irrigation enquiry conducted in connection with 2 12th Zore distributary of B.R.R.B.C. I Section taking off in 47th Mile (as per 27 of Irrigation Act.)

.....

The 12th zore distributary of B.R.R.B.C. takes off in 47th Mile. This has a total command of 853.57 acres of atchkat inclusive of the atchkat coming under Agaradahalli., Hosakere (independant atchkat 520.5 acres Plus tank atchkat 333.32 acres). This atchkat is spread over Agaradahalli, Thadasa, Gudumagatta, Malligenahalli, Badtapura, Basavapura, villages of Holehornur-hobli (Shimoga District). The approximate cost of execution of this distributary is Rs. 58000/-

As per Art. No. 25 of the Irrigation Act a Notification was issued in this office No. 60 dated 26-8-57 for publication in Mysore Gazette. The same has been retified in the gazette date 5-9-57 and in the subsequent gazettes also (vide this office No. 924/30-8-57).

A Notification was also issued in this office No. 101 dated 31-10-57 intimating the date of formal enquiry to be held in the village, Agaradahalli and all the atchkatdars were requested to attend the meeting on 18-11-57 vide publication was given in this matter in the concerned village by direct circulation through village patels, Sharubhogs and Revenue Inspectors and also by Tom Tom.

The enquiry was held as per schedule on 18-11-1957 at Agaradahalli village, Holehornur Hobli, Shimoga District. Majority of the Atchkatdars attended the meeting. They were explained about the details of the scheme and benefits of the scheme and also their contribution towards the scheme and as fixed by the Government.

~~They have all unanimously expressed that their share of~~

contribution and water rates cannot be paid in view of the facts that their lands are practically in the forest area where there are fair chances of crops being spoiled by wild animals. They have also given their objections in writing which petitions are enclosed in original .

The contribution and water rates as fixed by the Government vide letter No. P.W. 2368/RN.1-53-25 dated 30th June 1953 by the Secretary to Government P.W.D. Bangalore to Chief En Engineer, of Mysore Bangalore. And the rates prayed to be fixed by the atchkatdars are noted below for kind information.

Contribution	As fixed by Government.	Approved by Atchkatadars.
1. Existing wet and garden to be assured of water supply.	Rs. 100/acre.	Rs. 75/-
2. Dry lands newly converted to be wet or garden lands.	Rs. 300/acre	Rs. 90/- by Bhadrapura atchkatdars.
3. Permanent semi-dry lands.	Rs. 100/acre.	not stated.

Water Rates.

1. Sugar Cane. Rs.25/acre not stated.
2. Existing wet and garden Rs.10/acre. 7.50/acre.
lands to be assured of water supply.
3. Dry lands newly converted into wet land or garden. Rs.15/acre. Rs.10/-
4. Semy Dry land Rs.7/acre. Not stated.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE

Government Order No. 147/57, dated 12th/25th August, 1957 laying down the water rates in Mysore Division under Tungya Project, Chitragudi.

Letter No. 10/1-104-57-3, dated 11.12.1957 from the Divisional Commissioner Mysore Division requesting orders of Government prescribing the rates of water rate in respect of the lands irrigated under the Bhadra Project, as prescribed in G.O. read above to the lands under Tungya Project.

G.O. No. 104/57

2. Bhadra, dated 7/8 Dec, 1953/13th Dec, 1953/17th Dec, 1953

The Divisional Commissioner Mysore Division has stated that though water was allowed in Bhadra reservoir left bank channel from 25.7.1956 the water rate has not been fixed, as no specific orders have been issued in this behalf. He has also pointed out that any further delay in fixing the water rate would result in great disadvantage to the ryots in payment of the water rate as they will be obliged to discharge this heavy burden in a lump sum and also it will hamper the collection work considerably.

The Divisional Commissioner Mysore Division requests orders of Government in the matter of prescribing the same water rates in respect of the lands irrigated under the Bhadra Project as prescribed in G.O. read above.

In view of the circumstances and also the proposal of the Divisional Commissioner Mysore Division is sanctioned as a temporary measure subject to the condition that the levy of water rate will be governed by the orders that may be issued in the matter later on.

BY ORDER OF THE GOVERNMENT OF MYSORE
SECRETARY TO GOVT.

Memo No. 155 dated 29.5.1953 from the
Superintending Engineer, Tungabhadra Valley
circle

Forwards a copy of his letter addressed
to the Chief Engineer of Mysore regarding the
advance recovery of contribution in respect
of the Bhadra Reservoir Project.

1) In letter No. PW 963-64 dated 14.5.53
the Chief Engr. was requested to ask the
Supg. Engr. T.B.V. circle, to take necessary action,
in cooperation with the concerned Deputy
Commissioners, to collect the contribution
amounts, in respect of the Bhadra Reservoir
Project, from the concerned ryots, in advance.

2) In his letter addressed to the Ch.
Engr. the Supg. Engr. has stated that a
meeting was convened on 27.5.53 to discuss
the subject. The rates of contribution,
as per the original sanction, as recommended
by the B. & B. Bhadra Reservoir Development
Committee and as suggested by the Ch. Minister
during his tour in ~~Jan~~ Jan'y. 1953 ~~are~~
~~are also stated to have been discussed~~ were
discussed at the meeting. It is stated
that ~~for~~ an enquiry under the Aborigines
Act will have to be conducted to obtain
the consent of the ryots to the enhanced
contribution and water rate. For this
purpose an Asst. Engr. with necessary staff

Serial
No.

will have to be exclusively defunct. ~~consequently~~
 It is also stated that the Post. Engr. will have
 to be assisted by an Asst. Commr. with the
 necessary staff. These two officers will have
 to tour extensively in connection with the
 holding of enquiries. If the authorities do not
 agree to the above scheme, however, the
 measures will be necessary for advance
 recovery of contributions. In the course of
 another meeting with the Dy. Commr. of
 Simoga, Chitaldong and Chikmagalur Dist.
 is proposed to be held and a further report
 sent. Further, it is stated that before the
 recent visit of the Ch. Ministers the Dy.
 Commr. of the Simoga, Chitaldong and
 Chikmagalur Districts ~~are stated to have~~
 intimated that advance recovery of contributions
 is not with sufficient and with ~~the~~
 The Asst. Supr. Engr. has requested the Ch. Engr.
 to obtain orders for holding the enquiries
 under the provision that is in the act
 alternative for legislative measures being
 taken for the advance recovery. The Asst. Engr.
 has also enclosed a proposed statement of
 the Post. Engr. & his staff, and also the Asst.
 Commr. and his staff for holding the enquiries.
 The cost of the proposed establishment is
 Rs 13,980/- for six months.

Submitted as proposed. It is recommended.

Serial

holding

Stated here that the Chief Engr. is being requested separately to suggest an officer for enquiries for obtaining the consent of the ryots to the enhanced rates of contribution and water rate. The Law Secy has ~~not~~ agreed to examine in detail the question of amending the irrigation Act to enable advance recovery of contribution. In these circumstances the receipt of proposals from the Chief Engr. (with reference to the S.E.'s letter addressed to him) may perhaps be awaited.

4) For orders.

rates of contribution and water rate. For expeditious completion of the enquiry Rev & P.W. staff is stated to be necessary and that it is ~~prop~~ expected to cost Rs. 5,200/- for one year. The enquiry, it is stated, should may be held after the harvest season and that the help of leading local gentlemen may be taken to induce ryots to agree to the proposed rates of contribution and water rate. The question of the advance recovery of contribution, it is suggested, may be taken up after the enquiry regarding enhanced contribution & water rate is over and the consent of the ryots obtained.

The receipt of proposals from the Chief Engineer with reference to the S.E.'s letter addressed to him may perhaps be awaited. Further the Chief Engineer has not yet reported the name of the Asst. Engr. to be designated for holding a fresh enquiry in respect of the Bhadra Reservoir, as called for in T.O. No. P.W. 2369/Jon 1-53-25 dated 21.5.53.

Submitted for orders.

20/8/53
According to the Sanctioned Act in force, it is the P.W.D. Engr. who has to hold the enquiry; I don't know whether Rev staff is necessary. I think this is one for Chitlalal district and not for Srig & Chitla

The actual needs of the irrigation work may be forwarded.

Letter No. 10155, 853-54 dated 12.10.1953 from the Chief Engineer of Mysore, Bangalore.

At para-5 The Chief Engineer has, with his present letter, forwarded a copy of the proceedings of the second meeting held in connection with the enhancement of contribution and water rate and holding an enquiry under the Irrigation Act in respect of the Bhadra Reservoir and Tungbha Ancient projects. As decided at that meeting the Chief Engineer has requested sanction to the appointment of two Asst. Engineers and Two Amildars with the necessary Revenue and P.W.D. establishment exclusively for this work for a period of one year at a total cost of Rs 55,200/- per annum as per the proposition statement enclosed. The cost on this account is proposed to be debited to the respective estimates.

1) Submitted for perusal of the proceedings and the proposition statement referred to above. These are the same as those received direct from the Supg. Engr. T.B.V. circle and draft work.

Letter no. 5108 dated 11.1.54 from the Ch. Special Chief Engineer for Major Irrigation projects.

Forwards the revised proposition Statement of establishment required for conducting an enquiry under the Irrigation Act in respect of the Bhadra Reservoir works and states that the same proposals regarding the officer suitable officer for holding the enquiry will be sent on receipt of orders on the proposition statement.

25) The proposition Statement ^{now} sent by the Spl. C.F. is for perusal with reference to paras 10 to 12 alone. It is

Serial
No.

stated that the ~~staff~~ staff now proposed is the minimum and that the statement has been prepared in consultation with the Deputy Commissioners. It is stated that ~~one Rev. Surveyor to each Post. Engr.~~ the D.C. Chickmagalur Dist. is of the opinion that one Rev. Surveyor to each Post. Engr. is not enough as the area in respect of which enquiries have to be held is large and the time short and that at least one Sheristadar and one Rev. Inspector to each Post. Engr. is quite necessary. Hence the proposition statement makes provision for one Sheristadar and one Rev. Inspector to each Post. Engr.

26) In accordance with para 10, the establishment shown in the proposition statement will have to allocated work as shown below:-

Post Engr.	1	} Enquiry work in Chitaldurg Dist.	Post Engr.	1	} Enquiry work in Shroffnagar Chickmagalur District.
Sheristadar	1		Sheristadar	1	
Rev. Inspector	1		Rev. Inspector	1	
II grade			II grade		
II Du. Clerk	1		II Du. Clerk	1	
Peons	2		Peons	2	
Lascar	1		Lascar	1	

27) The total cost of the establishment will be Rs 1728/- per month or Rs 20,736/- per annum inclusive of construction allowance at twenty percent of pay as shown.

Serial
No.

The proposition statement: The Spl. Ch. Engr. wants sanction to the establishment of the establishment for a period of one year.

28) ~~Order~~ Regarding this office letter No. PR 2369/Enr 1-53-25 dated 30.6.53 requesting the Ch. Engr. to suggest a suitable Asst. Engr. for holding the enquiry, it is stated that a report will be made on receipt of after orders are communicated on the present proposals for establishment.

29) Submitted for orders with Financial concurrence. This is a Council matter. It has to be stated here that all this is in connection with holding a fresh enquiry regarding the Bhadra project. But no report has been made up till now in the matter regarding the action taken to recover the contribution in advance.

30) It is felt that the enquiry under the Engr. Act in the 3 Dirs of Chitalong, Shimoga and Chickmagalur has to start immediately to fix up the Contribution. The cost of the establishment for this purpose which was previously estimated at Rs 55,200/- has now been brought down to Rs 20,736/- per annum. Whether the Conon allowance of 20 per cent is to be paid to this staff (it is included in the cost) is a point for consideration.

31) This is a Council matter

GOVERNMENT OF MYSORE.

Mysore Government
~~General and Revenue~~ Secretariat,No. *MW 963 - 64*Dated, Bangalore, *14/5/1953*.

FROM

The Secretary to the Government of Mysore,
Public Works Department.

To

The Chief Engineer of Mysore,
Bangalore.BHADRA RESERVOIR, TARIKERE TALUK.

Sir,

I am directed to state that it is necessary to collect the contribution amounts from the concerned ryots, in advance, to expedite the execution of the Bhadra Reservoir works. The people of the locality are also generally willing. Government therefore direct that the Superintending Engineer, Tungabhadra Valley Circle be asked to take necessary steps in-cooperation with the concerned Deputy Commissioners who have also been requested in this behalf.

The Superintending Engineer, Tungabhadra Valley Circle may kindly be requested to take immediate necessary action in the matter.

A report of action proposed may be ^{sent} ~~submitted~~ to Government early.

Yours faithfully,

Sd) D.K.Srinivasachar

Secretary to Government,
Public Works Department.

Copy of the above is forwarded to the Superintending Engineer, Tungabhadra Valley Circle, for information and immediate necessary action.

MYSORE PUBLIC WORKS DEPARTMENT.

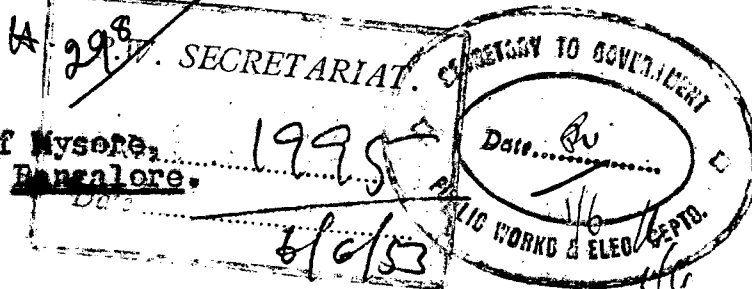

119

Office of the Superintending Engineer,
Tungabhadra Valley Circle,
B.R.P. Post, dated the 29th May 53.

No.....

To

The Chief Engineer of Mysore,
P.W.D., Bangalore.

Sir,

Regarding Bhadra Reservoir - Tarikere Taluk.

With reference to your memo Nos. 842 and 846/SI dated 20-5-1953 forwarding a copy of letter No. P.W.963-4 dated 14-5-1953 from the Secretary to Government, Public Works and Electric-al Departments, regarding the recovery of Contribution etc., in advance for financing the Project, I write to state that a meeting was convened at this place on 27-5-1953 at 2-00 P.M. to discuss the subject of advance recovery of contribution from the atchkatdars under the Bhadra Reservoir Project. The Deputy Commissioners of Shimoga and Chitaldrug Districts could not attend the meeting owing to unavoidable urgent work. The Deputy Commissioner, Chitaldrug District, the Executive Engineer, Bhadra Reservoir Construction Division and I had a preliminary discussions in the matter.

2. In the sanctioned project, the contribution and water-rate assumed are Rs.60/- and Rs.7-8-0 per acre respectively. As per the recommendations of the Bhadra Reservoir Development Committee the rate of contribution and water-rate are as follows.-

			<u>Contribution/Acre</u>
Dry land to be converted to irrigated dry	-		Rs. 100/-
Dry land -do- wet	-		250/-
Existing Wet and Garden	-		100/-
			<u>Water-rate/Acre</u>
Semi-dry crops in heavy black soils	-		Rs. 2/-
Semi-dry in other soils	-		4/-
Gardens like coconut, fruits etc.,	-		6/-
Gardens like Areca, Bananas, beetle leaves,	-		10/-
potato and vegetables	-		12/-
Permanent Paddy	-		24/-
Sugarcane	-		

3. The Hon'ble Chief Minister, during his recent visit to Bhadra Reservoir Works on 28-1-1953 has suggested higher rates of contribution viz., Rs.300/- and Rs.200/- as already reported in this office memo No.165 dated 14-5-1953.

4. As per the rec-ent amended Irrigation Act, the Irrigation Enquiry is to be conducted by the P.W.D. Officers. As the atchkat area to be benefitted by the project is a vast area as much as 2.25 lakhs o-f acres in three Districts of Chickmagalur, Shimoga and Chital-drug, an Assistant Engineer with necessary staff will have to be told off exclusively for this work alone. He will have to be assisted by an Assistant Commissioner with necessary staff. The two officers will have to tour widely in the area, convene meetings of the atchkatdars with the help of local officers at important places and obtain necessary consent of the atchkatdars for enhanced contribution ^{and} higher rates for the recovery of advance contribution at ~~Rs.300/-~~ 10 equal annual instalments. The total contribution amounts at Rs.300/- and Rs.200/- per acre as per statement enclosed will be Rs. 6.30 crores. If people are not willing for this proposal, necessary legislation will have to be resorted to for the advance recovery of contribution. The Deputy Commissioner, Chickmagalur District, agreed to this proposal.

5. Another detailed discussion on the subject will be had with the Deputy Commissioners of Shimoga, Chitaldrug and Chickmagalur during the 1st week of next month and a report will be sent after the meeting.

6. In this connection, I write to enclose herewith copies of letters received in the matter prior to the visit of the Chief Minister from the Deputy Commissioners of Shimoga, Chitaldrug and Chickmagalur Districts, for kind information. They have said that the collection of the contribution in advance is beset with difficulties and not practicable.

I request

Continuation Sheet)

- page 3 -

I request in the meanwhile to address the Government and obtain sanction ~~of~~ for holding an Enquiry as in para 4 above or in the alternative for passing an Act in the ensuing Sessions of the Legislature. ^{R 13980 for 50 members} The approximate cost will be as per the proposition statement enc-lo-sed in case of holding an Enquiry.

Yours faithfully,

Sd/- (C.R. Krishnaswamy Mudaliar)
Superintending Engineer,

MYSORE PUBLIC WORKS DEPARTMENT.

Sri. C.R. Krishnaswamy Mudaliar, B.E.,
Superintending Engineer,
Tungabhadra Valley Circle.

B.R. Project Post (Via) Birur,
Dated 7th August 1953.

Dear Sir,

Regarding proceedings of the 2nd Meeting in the matter of enhancement of contribution and water-rate under Bhadra Reservoir and Tunga Anicut Works and holding an Enquiry under the Irrigation Act.

I write to enclose herewith a copy of the Proceedings of the above meeting along with a copy of the Proposition statement, for kind information.

I request that the sanction of Government may kindly be obtained early for the Proposition Statement so that enquiry may be started immediately. As the area being vast, Viz., 2.24 lakhs of acres under Bhadra Reservoir and 22,000 acres under the Tunga Anicut Works, two Assistant Engineers and two Amildars will have to be told off for these works exclusively for one year along with the other staff proposed for Revenue and P.W. Departments which is ^{the} minimum and absolutely necessary.

With kind regards,

Yours sincerely,

Sd/- (C.R. Krishnaswamy Mudaliar)

Sri. K.S. Gangadhara, B.E.,
Chief Engineer of Mysore,
BANGALORE.

Mem No. **99**..... C.C.P. Post, dated the 7th August 1933.

Copy of the foregoing together with copies of enclosures is forwarded to the Secretary to Government of Mysore, Public Works Department, Bangalore, for information.

PROCEEDINGS OF THE SECOND MEETING HELD AT 1-30 P.M. ON 6th AUGUST 1953 IN THE OFFICE OF THE SUPERINTENDING ENGINEER, TUNGABHADRA VALLEY CIRCLE, B.R.P. COLONY, IN THE MATTER OF ENHANCEMENT OF CONTRIBUTION AND WATER-RATE AND HOLDING A FRESH ENQUIRY UNDER THE BHOJIRI RESERVOIR AND TUNGA ANICUT ACT, 1951.

Present:

1. Sri. C.R. Krishnaswamy Mudaliar, B.D.,
Superintending Engineer, Tungabhadra Valley Circle (CHAIRMAN)
2. Sri. H.G. Iyengar, I.A.S.,
Deputy Commissioner, Chikmagalur District.
3. Sri. S.V. Reddy, LL.D., (Kalep),
Deputy Commissioner, Chitaldrug District.
4. Sri. H.S. Shankara Rao, I.A.S.,
Deputy Commissioner, Chickmagalur District.
5. Sri. L.C. Kuniswamy Reddy, P.A., B.E.,
Executive Engineer, Tunga Anicut Division.
6. Sri. R.L. Raju, B.E.,
Executive Engineer, B.R. Construction Division.
7. Sri. Mir Mohammad, B.A.,
Amildar, Tarikere Taluk.
8. Sri. K. Narayana Murthy, B.E.,
(Assistant Engineer) - B.R.C. Division.

Letters No. (1) P.W.1262/In.5-53-14 dated 16th June 1953 pertaining to Tunga Anicut Works and (2) P.W.2363/In.1-53-25 dated 30th June 1953 pertaining to Bhadra Reservoir Works, received from the Secretary to Government, Public Works Department, Bangalore, regarding enhancement of contribution and water-rate under Bhadra Reservoir and Tunga Anicut Works and holding a fresh enquiry under Mysore Irrigation Act to obtain the consent of the ryots thereto.

The contribution and water rate in respect of Bhadra Reservoir and Tunga Anicut Works are proposed at the following rates:

CONTRIBUTION:

Per acre.

- | | | |
|---|----|----------|
| 1. Existing wet and garden lands to be assured of water supply. | .. | Rs.100/- |
| 2. Dry lands to be newly converted to be wet or garden lands. | .. | 200/- |
| 3. Permanent Semi-dry lands | .. | 100/- |

WATER-RATE:

- | | | |
|---|----|------|
| 1. Sugar Cane | .. | 85/- |
| 2. Existing wet and garden lands to be assured of water supply. | .. | 10/- |
| 3. Dry lands newly converted into wet or garden | .. | 15/- |
| 4. Semi-dry lands | .. | 7/- |

(continued)

The Superintending Engineer, Tungabhadra Valley Circle, said that the total cost of the Project would be about Rs.20.00 Crores and the total outlay to-date was about Rs.1.20 Crores, and that the project would be completed within a course of ten years or even earlier provided sufficient grants were made available. If stage construction was adopted investing about Rs.10.00 Crores in course of five years, areas to the extent of 1.00 lakh acres might be brought under cultivation under Left and Right Bank Channels. The recovery of advances advance contribution was one of the means of getting funds for completing the Project early.

Sri. T.V. Reddy, Deputy Commissioner, Chitaldrug District, expressed that it would be a difficult task in enhancing the contribution and water-rate as the ryots in Chitaldrug District were not at all willing to have any paddy cultivation and would prefer to have only semi-dry crops viz., Cotton and Groundnuts which would require only a small quantity of water and consequently willing to pay low rate of contribution and water-rate and they preferred to have paddy only in low-lying lands. He was of the opinion that the channel could be extended up to Harapahalli by saving some quantity of water adopting semi-dry crops in that area.

The Bhadra Reservoir Development Committee with Revenue Commissioner as the Chairman has approved to include an area of 2,26,200 acres under Bhadra Reservoir consisting of several kinds of crops based on the recommendations of the Soil and Health surveys conducted recently. According to this, the areas selected under different crops under Halebennur and Pavangere Branch Channels in Chitaldrug District would be:

1. Sugarcane and rotation	..	..	84,186 acres.
2. Permanent Garden	..	..	31,693 acres.
3. Permanent Paddy	..	..	11,777 acres.
4. Semi-dry in heavy black soils	..	..	14,514 acres.
5. Semi-dry in red soils	..	..	13,438 acres.

The Deputy Commissioner, Chitaldrug District, informed that the ryots were not willing to have paddy cultivation as that would not suit their lands.

(continued)

It was suggested that in order to expedite the Enquiry in the large area of 2.84 lakhs acres to complete the same as quickly as possible, both Revenue and P.U. Staff were necessary - one set of staff for Chickmagalur and Shimoga Districts and another for Chitaldrug District and it was decided to have the staff of Revenue and P.U. Departments for a period of one year. The staff members for Chickmagalur and Shimoga Districts would attend to the Enquiry to be held in Tungabhadra Works also. The Government might be approached to sanction the establishment immediately. (A Proposition statement is enclosed separately).

Revenue Department:

For Chickmagalur and Shimoga Districts -	Amildar .. One
	Revenue .. Two
	Inspectors ..
	2nd Dn. Clerk One
	Laskars Three ~~Four~~
	Peons .. Two

For Chitaldrug District

(-do-)

P.U. Department:

For Chickmagalur and Shimoga Districts -	Asst. Engineer .. One
	Supervisors .. Two
	2nd Dn. Clerk .. One
	Laskars .. Two
	Peons .. Two

For Chitaldrug District

(-do-)

(Note - Laskars are provided to the executive subordinates for facilitating quick progress by contacting the Village Officers and villagers)

The cost of the establishment as per proposition statement enclosed is Rs. 55,200 /- for one year and this is to be met out of the respective Project Estimate.

The enquiry under Mysore Irrigation Act might be held preferably about the harvest season i.e., November or December so that there might be a ready response from the people to the proposed enquiry. The contribution would have to be made in the equal annual instalments.

(continued)

It was also suggested by the Deputy Commissioners that the help of the leading local gentlemen might be obtained to induce the ryots for giving mitchalikas to the proposed rates and payment of advance contribution. Also there were some practical difficulties in obtaining mitchalikas from the Inamdars. The mitchalikas could be obtained from the tenants if the land was surveyed and settled.

The question of recovering the contribution in advance would have to be considered after the enquiry to the enhanced rates was completed and consent of the ryots thereto obtained.

Sir,
With reference to letter
No. D.O. 98 dated 7.8.1953 from
The S.E. T.B.V. Circle addressed
to you on the above subject
I am directed to state that
according to the Irrigation Act
in force it is the Sub Division
officer of the P.W.D. that has to
hold the enquiry and therefore
the large revenue staff necessity
for the large revenue staff
proposed by the Supg. Engr.
is not clear. Two Asst. Engineers
one for Chitaldang Dist. and
another for Shimoga and
Chikmagalur Districts with
some clerical and menial
establishment and a Revenue

by 2/9

Inspector or Sheristadar for each of the two Asst. Engineers ~~would~~ ought to be enough. In the enquiry, the formalities involved need mostly the help of Chaklages, who if instructed by the Dy. Commr's. Concerned, will come forward un-grudgingly and help the Enquiry Officer.

Therefore the large staff proposed by the Supp. Engrs may not be necessary. The question may be thoroughly examined and finalised proposals with a clear proposition statement, based on the actual needs of the Irrigation Enquiry work may be forwarded for orders of Govt.

Further the report - called for as NO. P.M. 2359/Abn 1-53-25 dated 30.6.53 may also be furnished.

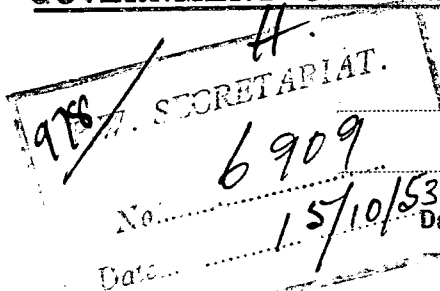

Yours faithfully

for

OFFICE OF

Office of the

Chief Engineer of Mysore, Bangalore

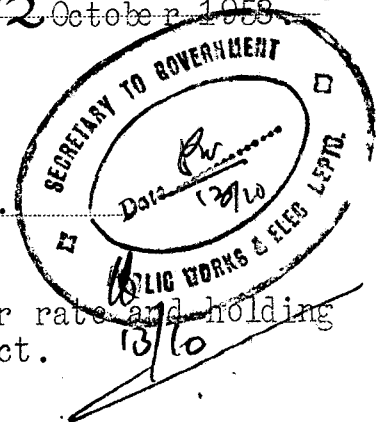

To

The Secretary to Government,

P.W. Department, Bangalore.

Sir,

Enhancement of contribution and water rate and holding
of an enquiry under the Irrigation Act.

I write to forward herewith, a copy of the proceedings of the second Meeting held in connection with the enhancement of contribution and water rate under Bhadra Reservoir and Tunja Anicut Works and holding an enquiry under the Irrigation Act.

Among other things decided in the meeting, it was resolved that with a view to expedite the enquiry in respect of a large area of 2.24 lakhs acres under the Bhadra Reservoir and 22,000 acres under the Tunja Anicut Works, two Assistant Engineers and two Amildars with the requisite Revenue and P.W.D. staff may be entertained exclusively for the work for a period of one year. The details of the establishment proposed to be engaged are included in the enclosed proposition statement, and the cost on this account is proposed to be debited to the respective project estimate.

As this is a very important item of work requiring immediate attention, I request that sanction of Government may kindly be communicated to the entertainment of the staff as per proposition statement for a period of one year.

Yours faithfully,

(K. S. Gangadhara)

Chief Engineer of Mysore.

12-10-53

Proceedings of the Second meeting held at 1-30 P.M. on 6th August 1953 in the office of the Superintending Engineer, Tungabhadra Valley Circle, B.A.P. Colony, in the matter of enhancement of contribution and water rate and holding a fresh enquiry under Bhadra Reservoir And Tunga Anicut Works.

P r e s e n t.

1. Sri C.R. Krishnaswamy Mudaliar, B.E.,
Superintending Engineer, Tungabhadra Valley Circle (Convenor)
 2. Sri M.A.S. Rajan, I.A.S.,
Deputy Commissioner, Shimoga District.
 3. Sri T.V. Reddy, LL.B., (Wales),
Deputy Commissioner, Chitaldrug District.
 4. Sri M.S. Shankara Rao, I.A.S.,
Deputy Commissioner, Chickmagalur District.
 5. Sri L.C. Muniswamy Reddy, B.A., B.E.,
Executive Engineer, Tunga Anicut Division.
 6. Sri M.L. Raju, B.E.,
Executive Engineer, B.R. Construction Division.
 7. Sri Mir Mohammad, B.A.,
Amildar, Tarikere Taluk.
 8. Sri K. Narayana Murthy, B.E.,
Assistant Engineer, B.R.C. Division.
-

Letters No. (1) P.W. 1862/Irn. 5-53-14 dated 16th June 1953 pertaining to Tunga Anicut Works and (2) P.W. 2369/Irn. 1-53-25 dated 30th June 1953 pertaining to Bhadra Reservoir Works, received from the Secretary to Government, Public Works Department, Bangalore, regarding enhancement of contribution and water rate under Bhadra Reservoir and Tunga Anicut Works and holding a fresh enquiry under Mysore Irrigation Act to obtain the consent of the ryots thereto.

The contribution and water rate in respect of Bhadra Reservoir and Tunga Anicut Works are proposed at the following rates:--

<u>Contribution:</u>	<u>Per acre.</u>
1. Existing wet and garden lands to be assured of water supply.	Rs 100/-
2. Dry lands to be newly converted to be wet or garden lands.	300/-
3. Permanent semi-dry lands.	100/-
<u>Water rate:</u>	
1. Sugar-cane.	25/-
2. Existing wet and garden lands to be assured of water supply.	10/-
3. Dry lands newly converted into wet or garden	15/-
4. Semi-dry lands.	7/-

The Superintending Engineer, Tungabhadra Valley Circle, said that the total cost of the project would be about Rs. 20.00 crores and the total outlay to date was about Rs. 1.20 crores, and that the project would be completed within a course of ten years or even earlier provided sufficient grants were made available. If stage construction was adopted investing about Rs. 10.00 crores in course of five years, areas to the extent of 1.00 lakh acres might be brought under cultivation under Left and Right Bank Channels. The recovery of advance contribution

was one of the means of getting the water to the crops.

Shri L. S. Reddy, Deputy Commissioner, Chittoor District, expressed that it would be a difficult task to provide water to the crops in the district. He said that the district was not able to have any water for irrigation of crops. He said that the crops like cotton and rice require a large quantity of water and some water is available for irrigation. He said that the water is not available for irrigation and water is not available for irrigation. He said that the water is not available for irrigation and water is not available for irrigation.

The Bhadra Reservoir Development Committee with revenue as its basis as the Chairman has approved to provide an area of 2,24,240 acres under Bhadra Reservoir consisting of several kinds of crops based on the recommendations of the Soil and Water Conservation Department. According to this, the areas selected under different crops under the Bhadra and Devanagere French channels in Chittoor District would be:

1. Sugarcane and rotation	34,100 acres
2. Permanent garden	34,100
3. Permanent paddy	24,100
4. Semi-dry in black soils	24,100
5. Semi-dry in red soils	24,100

The Deputy Commissioner, Chittoor District, informed that the areas were not willing to have water for irrigation as the water is not available for irrigation.

It was suggested that in order to utilize the water to the area of 2,24,240 acres under the Bhadra and Devanagere French channels, the Government should provide the water to the crops. It was decided to have the water to the crops for a period of one year. The Government should provide the water to the crops for a period of one year. The Government should provide the water to the crops for a period of one year.

The proposition statement is enclosed separately.

Revenue Department:

For Chittoor and Chittoor Districts.	1st. Engineer	1
	2nd. Engineer	1
	3rd. Engineer	1
	4th. Engineer	1
	5th. Engineer	1
	6th. Engineer	1

For Chittoor District.

P.W. Department:

For Chittoor and Chittoor Districts.	1st. Engineer	1
	2nd. Engineer	1
	3rd. Engineer	1
	4th. Engineer	1
	5th. Engineer	1
	6th. Engineer	1

For Chittoor District.

(Note:-- Laskars are provided to the Executive Officer for facilitating quick progress by contacting the Village Officers and Villagers)

The cost of the establishment as per proposition statement enclosed is Rs.55,200/- for one year and this is to be met out of the respective project estimate.

The enquiry under Mysore Irrigation Act might be held preferably about the harvest season i.e., November or December so that there might be a ready response from the people to the proposed enquiry. The contribution would have to be made in ten equal annual instalments.

It was also suggested by the Deputy Commissioners that the help of the leading local gentlemen might be obtained to induce the ryots for giving mutchalikas to the proposed rates and payment of advance contribution. Also there were some practical difficulties in obtaining mutchalikas from the Inamdars. The mutchalikas could be obtained from the tenants if the land was surveyed and settled.

The question of recovering the contribution in advance would have to be considered after the enquiry to the enhanced rates was completed and consent of the ryots thereto obtained.

Chief Engineer of Mysore, Bangalore

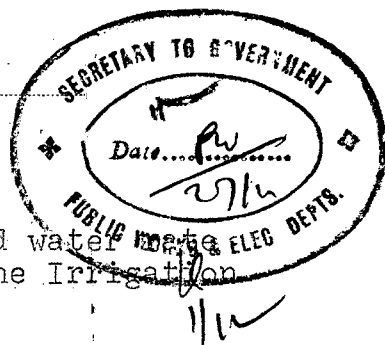

Date 27-11-53

To

The Secretary to Government,
Public Works Department,
Bangalore.

Sir,

Enhancement of contribution and water rates and holding of enquiry under the Irrigation Act.

With reference to your letter No. 4617/Irn. 1-53-44 dated 2-9-53 and in continuation of this office letter No. 10155/E dated 12-10-1953, I write to forward herewith a copy of letter No. 1486 dated 10-10-1953 received from the Superintending Engineer, Tungabhadra Valley Circle, together with a copy of the Proposition Statement referred to therein. The necessity for the staff indicated in the revised proposition statement has been explained in the Superintending Engineer's letter.

I, therefore, request that sanction of Government may kindly be communicated to the entertainment of the additional staff for a period of one year for the above work.

Yours faithfully,

K. S. Gangadhar
(K. S. GANGADHAR), 26.11.53

Copy of letter No. 1486 dated 10-10-53 from the Superintending Engineer, Tungabhadra Valley Circle to the Chief Engineer of Mysore, Bangalore.

Re: Enhancement of contribution and water rate -
Bhadra Reservoir at Lakkavalli.

With reference to your memo No. 2828-9/SI dated 16-9-1953, forwarding copy of letter No. 4617/Irn. 1-53-44 dated 2-9-53, from the Asst. Secretary to Government, P.W. Department, to your address, on the above subject, for submission of revised proposal with the Proposition statement, etc., I write to state that in consultation with the Deputy Commissioners, the enclosed proposition statement, with the absolute meagre staff, is submitted for obtaining sanction of Government. As directed in the P.W. Secretary's letter, only two Revenue Surveyors - one for each Assistant Engineer - had been proposed but the Deputy Commissioner, Chickmagalur District, opines that in view of the large area involved in the project and on account of the limited time within which the enquiry will have to be completed, the assistance of a Revenue Inspector only to each of the Assistant Engineers appears to be quite inadequate and would not help to push through the work expeditiously. And as such the services of at least one Sheristedar and one Revenue Inspector to each of the Assistant Engineers are quite necessary. Hence proposals including the services of both the Revenue Inspector and Sheristedar in the proposition statement, have been made. The Proposition Statement as submitted may kindly be got sanctioned and communicated early.

As regards the report called for in Public Works Secretary's letter No. 2369/Irn. 1-53-25 dated 30-6-1953, kind reference is invited to this office No. 1027 dated 21-8-1953.

K. S. Gangadhar
(K. S. Gangadhar), 26.11.53

GOVERNMENT OF MYSORE

OFFICE OF

Special Chief Engineer,
Bangalore.

Date 11 January 1954.

To

The Secretary to Government,
Public Works Department.

Sir,

Regarding Bhadra Reservoir at Lakkavalli -
Enhancement of contribution and water rate.

With reference to your letter No.P.W. 10075/Irrg 1-53-92 dated 5th January 1954, I write to forward herewith the revised proposition statement of Establishment required for conducting irrigation enquiry in the Bhadra Reservoir Works.

2. As regards suggesting a suitable officer for the purpose of holding enquiry, I write to state that the proposal will be furnished on receipt of orders of Government on the proposition statement.

Yours faithfully,

K. Subba Rao
11/1/54

(K. Subba Rao).
Special Chief Engineer.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

G. O. No. P. W. 2581-88—Irn. 13-46-2, dated 18th October—7th November 1946.

Lakkavalli Reservoir Scheme.

Accords administrative sanction to the ——— costing Rs. 890 lakhs.

READ—

Letter No. (D. O.) No. C. 23, dated 25th July 1946, from the Chief Engineer for Irrigation, submitting proposals for taking up the works connected with the construction of a Reservoir across the Bhadra at Lakkavalli in Kadur District.

ORDER THEREON No. P. W. 2581-88—IRN. 13-46-2,
DATED THE 18TH OCTOBER—7TH NOVEMBER 1946.

The Chief Engineer has reported that the Lakkavalli Reservoir Project has been prepared in considerable detail both in respect of the Dam and the Channel including the tunnel and that the cost of the Scheme according to the current schedule is expected to come to Rs. 889'0 lakhs. He has also been getting a scheme prepared, in consultation with the Chief Electrical Engineer, for the generation of continuous electric power to the extent of 17,000 H.P., there being possibilities of utilising such power in view of the proximity of the Mysore Iron and Steel Works at Bhadravathi. For making preliminary arrangements for starting the works on the Dam, the Chief Engineer considers that a separate Superior Officer of the status of a Superintending Engineer with the necessary establishment is very necessary so that he may bestow undivided attention to the works and that when the actual works on the Dam and tunnel are started he may be vested with such powers as to make a complete unit in respect of execution and administration of this work of magnitude. He has also added that proposals for the establishment required for starting the works can be formulated only after the different aspects are gone into in detail and settled with the Special Officer proposed for the work. The Chief Engineer has therefore requested:—(1) administrative approval to the Lakkavalli Reservoir scheme, costing Rs. 890'0 lakhs; (2) sanction to the appointment of a Superintending Engineer with the establishment as shown in the annexure, immediately to carry out the preliminary works at site and take up all other works such as the preparation of the Rules of Regulations, etc., in pursuance of the Agreement with the Governments of Madras and Hyderabad; and (3) to entrust the Tunga Anicut work to the control of the Superintending Engineer, Lakkavalli Reservoir Works.

2. After careful consideration, Government are pleased to accord administrative sanction (1) to the Lakkavalli Reservoir Scheme costing Rs 890'0 lakhs and (2) to the appointment of a Superintending Engineer with the establishment shown in the accompanying statement.

3. The proposal to place the Tunga Anicut Division under the control of the Superintending Engineer, Lakkavalli Reservoir Scheme, is also approved.

4. The enquiry contemplated in Chapter VI of the Irrigation Act to determine the contribution and water rate to be recovered from the raiyats may be conducted by the Deputy Commissioners of Kadur, Shimoga and Chitaldrug Districts and the report submitted with all promptitude.

No. P. W. 2581-88—IRN. 13-46-2, DATED 18TH OCTOBER—
7TH NOVEMBER 1946.

5. Government are also pleased to appoint a Committee consisting of the marginally noted officers to go into the question of channel alignment, soil survey, crop planning, anti-malarial measures and such other aspects and furnish a report very early.
1. The Revenue Commissioner (Chairman.)

Sub:- Bhadra Reservoir Project - levy of
contribution.
=====

I am directed to state that it has become necessary that contribution due from the atchkatdars of the Bhadra Reservoir Project should be collected partly in advance and partly by instalments in 5 years, on the lines of the betterment levy in Madras, instead of collecting the contribution over a long period. I am therefore to request you kindly to examine this question in consultation with the Special Chief Engineer and to furnish a report at a very early date. The matter may kindly be treated as very urgent.

Yours faithfully,

(Handwritten signature of H. Channiah)
